Delivering strong returns

Equity Trustees has managed the EQT Mortgage Income Fund since 1971. Our mortgage fund has been 'true to label' since inception with a low risk approach to lending against property. The Fund has not recorded a default in its entire history.

Created in 2003, the EQT Flagship Fund is also managed by Equity Trustees. The Fund focuses on the long-term investment potential of a company, rather than short-term market driven events.
