# 1. ABOUT EQUITY TRUSTEES LIMITED

## THE RESPONSIBLE ENTITY

### Equity Trustees Limited

Equity Trustees Limited ABN 46 004 031 298 AFSL 240975 ("Equity Trustees"), a subsidiary of EQT Holdings Limited ABN 22 607 797 615, which is a public company listed on the Australian Securities Exchange (ASX: EQT), is the Fund's Responsible Entity, Investment Manager and issuer of this PDS. Established as a trustee and executorial service provider by a special Act of the Victorian Parliament in 1888, today Equity Trustees is a dynamic financial services institution which continues to grow the breadth and quality of products and services on offer.

Equity Trustees' responsibilities and obligations as the Fund's Responsible Entity are governed by the Fund's constitution ("Constitution"), the Corporations Act and general trust law. As Investment Manager, Equity Trustees is also responsible for the investment management of the Fund. Equity Trustees has appointed a Custodian to hold the assets of the Fund. The Custodian has no supervisory role in relation to the operation of the Fund and is not responsible for protecting your interests.

## THE INVESTMENT MANAGER

### Equity Trustees Limited

Equity Trustees Limited is the Investment Manager and the Responsible Entity of the Fund.

# 2. HOW THE EQT CASH MANAGEMENT FUND WORKS

The Fund is a registered managed investment scheme governed by the Constitution. The Fund comprises assets which are acquired in accordance with the Fund's investment strategy. Direct investors receive units in the Fund when they invest. In general, each unit represents an equal interest in the assets of the Fund subject to liabilities; however, it does not give investors an interest in any particular asset of the Fund.

## APPLYING FOR UNITS

You can acquire units by completing the Application Form that accompanies this PDS. The minimum initial investment amount for the Fund is \$5,000.

Completed Application Forms should be sent along with your identification documents (if applicable) to:

Equity Trustees Limited  
Client Services Registry Team  
GPO Box 2307  
Melbourne VIC 3001

Please note that cash cannot be accepted.

We reserve the right to accept or reject applications in whole or in part at our discretion. We have the discretion to delay processing applications where we believe this to be in the best interest of the Fund's investors.

The price at which units are acquired is determined in accordance with the Constitution ("Application Price"). The Application Price on a Business Day is, in general terms, equal to the Net Asset Value ("NAV") of the Fund, divided by the number of units on issue and adjusted for transaction costs ("Buy Spread"). At the date of this PDS, the Buy Spread is nil.

The Application Price will vary as the market value of assets in the Fund rises or falls.

## MAKING ADDITIONAL INVESTMENTS

You can make additional investments into the Fund at any time by sending us your additional investment amount together with a completed Application Form. The minimum additional investment into the Fund is \$1,000.

## DISTRIBUTIONS

An income distribution comprises an investor's share of any 'net income' earned by the Fund. All income distributions are generally calculated daily and distributed to investors on the first Business Day of the next month. Income distributions will be automatically reinvested into the Fund.

On account closure, if you are entitled to any income, this will be paid to you. Where only part of the invested monies is withdrawn, the income is paid at the next distribution.

## ACCESS TO YOUR MONEY

Investors in the Fund can generally withdraw their investment by completing a written request to withdraw from the Fund and mailing it to:

Equity Trustees Limited  
Client Services Registry Team  
GPO Box 2307  
Melbourne VIC 3001

The minimum withdrawal amount is \$1,000. Once we receive your withdrawal request, we may act on your instruction without further enquiry if the instruction bears your account number or investor details and your (apparent) signature(s), or your authorised signatory's (apparent) signature(s).

While the Fund is liquid, the Responsible Entity will generally allow an investor to access to your funds 'at call' on or receipt of a withdrawal request by transferring the withdrawal proceeds to such investors' nominated bank account. However, the Constitution allows Equity Trustees to reject withdrawal requests and also to make payment up to 30 days after acceptance of a request (which may be extended in certain circumstances).

The price at which units are withdrawn is determined in accordance with the Constitution ("Withdrawal Price"). The Withdrawal Price on a Business Day is, in general terms, equal to the NAV of the Fund, divided by the number of units on issue. The Withdrawal Price is expected to remain at \$1.

Where the Fund is not liquid (as defined in the Corporations Act) an investor does not have a right to withdraw from the Fund and can only withdraw where the Responsible Entity makes a withdrawal offer to investors in accordance with the Corporations Act. The Responsible Entity is not obliged to make such offers. A Fund will be liquid if at least 80% of the assets of the Fund are liquid assets. Generally, liquid assets are money in an account or on deposit with a financial institution, bank accepted bills, marketable securities, other prescribed property and other assets that the Responsible Entity reasonably expects can be realised for their market value within the period specified in the Constitution for satisfying redemption requests while the Fund is liquid.

The Responsible Entity considers it highly unlikely that the Fund will cease to be liquid.

Please note that Equity Trustees has the right to fully redeem your investment in the Fund where your investment in the Fund falls below \$2,000.

## UNIT PRICING DISCRETIONS POLICY

Equity Trustees has developed a formal written policy in relation to the guidelines and relevant factors taken into account when exercising any discretion in calculating unit prices (including determining the value of the assets and liabilities). A copy of the policy and, where applicable and to the extent required, any other relevant documents in relation to the policy will be made available free of charge on request.

## ADDITIONAL INFORMATION

If and when the Fund has 100 or more direct investors, it will be classified by the Corporations Act as a 'disclosing entity'. As a disclosing entity, the Fund will be subject to regular reporting and disclosure obligations. Investors would then have a right to obtain a copy, free of charge, of any of the following documents:

- the most recent annual financial report lodged with ASIC ("Annual Report");
- any subsequent half yearly financial report lodged with ASIC after the lodgement of the Annual Report; and
- any continuous disclosure notices lodged with ASIC after the Annual Report but before the date of this PDS.

Equity Trustees will comply with any continuous disclosure obligation by lodging documents with ASIC as and when required.

Copies of these documents lodged with ASIC in relation to the Fund may be obtained from ASIC through ASIC's website.

## 3. BENEFITS OF INVESTING IN THE EQT CASH MANAGEMENT FUND

The Fund is an actively managed portfolio of a range of cash deposits, short-term fixed interest and money market securities. Benefits of investing in the Fund include:

- managed by the Equity Trustees Asset Management Team of investment professionals;
- highly liquid portfolio of Australia and New Zealand money market securities;
- secure short-term fixed interest and money market investment that aims to provide a regular return of income (please note that income is automatically reinvested into additional units in the Fund); and
- regular reporting to keep you up to date on your investments.

## 4. RISKS OF MANAGED INVESTMENT SCHEMES

All investments carry risks. Different investment strategies may carry different levels of risk, depending on the assets acquired under the strategy. Assets with the highest long-term returns may also carry the highest level of short-term risk. The significant risks below should be considered in light of your risk profile when deciding whether to invest in the Fund. Your risk profile will vary depending on a range of factors, including your age, the investment time frame (how long you wish to invest for), your other investments or assets and your risk tolerance.

The Responsible Entity does not guarantee the liquidity of the Fund's investments, repayment of capital or any rate of return or the Fund's investment performance. The value of the Fund's investments will vary. Returns are not guaranteed and you may lose money by investing in the Fund. The level of returns will vary and future returns may differ from past returns. Laws affecting managed investment schemes may change in the future. The structure and administration of the Fund is also subject to change.

In addition, we do not offer advice that takes into account your personal financial situation, including advice about whether the Fund is suitable for your circumstances. If you require personal financial or taxation advice, you should contact a licensed financial adviser and/or taxation adviser.

### INTEREST RATE RISK

Changes in official interest rates can directly and indirectly impact on investment returns.

### CREDIT RISK

Credit risk is the possibility of loss resulting from a borrower failing to repay principal and / or interest payments or a counterparty failing to meet its contractual obligations. In addition, changes to the perceived credit worthiness of a borrower may impact underlying security prices.

### INFLATION RISK

Inflation risk is the risk that returns will not be sufficiently higher than inflation to enable an investor to meet their financial goals.

### LIQUIDITY RISK

There may be times when certain securities may not be readily sold (for example, in a falling market where some traded securities may become less liquid). However, trading volumes are generally sufficient to satisfy liquidity requirements when necessary. The Responsible Entity or the Investment Manager (if applicable) has attempted to mitigate the liquidity risk factor by ensuring that each Fund has sufficient cash exposure to meet liquidity requirements. Note that neither the Responsible Entity nor the Investment Manager (if applicable) guarantees the liquidity of the investments of the Fund in which you have invested.

### FUND RISK

As with all managed funds, there is a risk that a Fund could terminate or that the fees and expenses could change. There is also a risk that investing in a Fund may give different results than investing directly in the securities.

### MANAGEMENT RISK

Each Fund is subject to management risk because it is an actively managed investment portfolio. Investment techniques and risk analyses will be used in making investment decisions for the Funds, but there can be no guarantee that these will produce the desired results.

### MARKET RISK

Changes in legal and economic policy, political events, technology failure, economic cycles, investor sentiment and social climate can all directly or indirectly create an environment that may influence (negatively or positively) the value of your investment in the Fund.

## 5. HOW WE INVEST YOUR MONEY

**Warning:** When choosing to invest in the Fund or an option of the Fund, you should consider the likely investment returns, the risks of investing and your investment time frame.

## INVESTMENT OBJECTIVE

The Fund's performance objective is to deliver returns in excess of the Bloomberg AusBond Bank Bill Index (before fees) over 12 month rolling periods.

## BENCHMARK

Bloomberg AusBond Bank Bill Index.

## MINIMUM SUGGESTED TIME FRAME

1-2 years.

## RISK LEVEL

Low to medium.

There is a low to medium level risk of loss of capital over the short-term. Investment in the Fund has the potential to produce low to medium level returns over the suggested time frame.

## INVESTOR SUITABILITY

The Fund is designed for investors seeking a secure, liquid, short-term investment with a regular return of income (which is reinvested into additional units in the Fund).

## INVESTMENT STYLE AND APPROACH

The Fund will invest in a range of cash deposits, short-term fixed interest and money market securities. The securities will be highly liquid with a maturity date of no more than two years from the date of purchase.

## LABOUR, ENVIRONMENTAL, SOCIAL AND ETHICAL CONSIDERATIONS

Equity Trustees recognises the importance of labour standards and environmental, social or ethical considerations in investments.

We believe that certain environmental, social and corporate governance ("ESG") issues may impact the sustainable value of business. ESG factors are taken into consideration as part of our investment process.

## FUND PERFORMANCE

Up to date information on the performance of the Fund is available by calling Equity Trustees on 1300 133 472 or visiting [www.eqt.com.au](http://www.eqt.com.au).

## 6. FEES AND COSTS

### DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

### TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) Moneysmart website ([www.moneysmart.gov.au](http://www.moneysmart.gov.au)) has a managed funds fee calculator to help you check out different fee options.

The information in the following Fees and Costs Summary can be used to compare costs between different simple managed investment schemes. Fees and costs can be paid directly from an investor's account or deducted from investment returns. For information on tax please see Section 7 of this PDS.

## ADDITIONAL EXPLANATION OF FEES AND COSTS

### Management fees and costs

The management fees and costs include amounts payable for administering and operating the Fund, investing the assets of the Fund, expenses and reimbursements in relation to the Fund and indirect costs if applicable.

Management fees and costs do not include performance fees or transaction costs, which are disclosed separately.

The management fees component of management fees and costs of 0.50% p.a. of the NAV of the Fund is payable to the Responsible Entity of the Fund for managing the assets and overseeing the operations of the Fund. The management fees component is accrued daily and paid from the Fund monthly in arrears and reflected in the unit price. As at the date of this PDS, the management fees component covers certain ordinary expenses such as Responsible Entity fees, investment management fees, custodian fees, and administration and audit fees.

### Varying fees and costs

The Responsible Entity may vary fees and costs up to maximum management fees shown in the table on page 4. The current management fees will be provided at [www.eqt.com.au/insto](http://www.eqt.com.au/insto).

You will be given 30 days' notice of any increase above the maximum management fees (where we increase the management fees above 0.50% p.a.). The only exception is for Government taxes and charges which may change from time to time. The Responsible Entity can recover expenses directly from the Fund. Currently they are paid out of the management costs. You will be notified if this changes.

The indirect costs and other expenses component of 0.00% p.a. of the NAV of the Class may include other ordinary expenses of operating the Fund, as well as management fees and costs (if any) arising from interposed vehicles in or through which the Fund invests and the costs of investing in over-the-counter derivatives to gain investment exposure to assets or implement the Fund's investment strategy (if any). The indirect costs and other expenses component is variable and reflected in the unit price of the Fund as the relevant fees and costs are incurred. They are borne by investors, but they are not paid to the Responsible Entity or Investment Manager.

Actual indirect costs for the current and future years may differ. If in future there is an increase to indirect costs disclosed in this PDS, updates will be provided on Equity Trustees' website at [www.eqt.com.au/insto](http://www.eqt.com.au/insto) where they are not otherwise required to be disclosed to investors under law.

### Transaction costs

In managing the assets of the Fund, the Fund may incur transaction costs such as brokerage, buy-sell spreads in respect of the underlying investments of the Fund, settlement costs, clearing costs and applicable stamp duty when assets are bought and sold. Transaction costs also include costs incurred by interposed vehicles in which the Fund invests (if any), that would have been transaction costs if they had been incurred by the Fund itself. Transaction costs are an additional cost to the investor where they are not recovered by the Buy/Sell Spread, and are generally incurred when the assets of the Fund are changed in connection with day-to-day trading or when there are applications or withdrawals which cause net cash flows into or out of the Fund.

The Buy/Sell Spread that is disclosed in the Fees and Costs Summary is a reasonable estimate of transaction costs that the Fund will incur when buying or selling assets of the Fund. These costs are an additional cost to the investor but are incorporated into the unit price and arise when investing application monies and funding withdrawals from the Fund and are not separately charged to the investor. The Buy Spread is paid into the Fund as part of an application and the Sell Spread is left in the Fund as part of a redemption and not paid to Equity Trustees or the Investment Manager. The estimated Buy/Sell Spread is nil upon entry and nil upon exit. The dollar value of these costs based on an application or a withdrawal of \$5,000 is \$0 for each individual transaction. The Buy/Sell Spread can be altered by the Responsible Entity at any time and [www.eqt.com.au/insto](http://www.eqt.com.au/insto) will be updated as soon as practicable to reflect any change. The Responsible Entity may also waive the Buy/Sell Spread in part or in full at its discretion. The transaction costs figure in the Fees and Costs Summary is shown net of any amount recovered by the Buy/Sell Spread charged by the Responsible Entity.

Transaction costs generally arise through the day-to-day trading of the Fund's assets and are reflected in the Fund's unit price as an additional cost to the investor, as and when they are incurred.

The gross transaction costs for the Fund are 0.00% p.a. of the NAV of the Fund, which is based on the relevant costs incurred during the financial year ended 30 June 2020.

However, actual transaction costs for future years may differ.

## Can the fees change?

Yes, all fees can change without investor consent, subject to the maximum fee amounts specified in the Constitution. The current maximum management fee to which Equity Trustees is entitled is 1% of the NAV of the Fund. However, Equity Trustees does not intend to charge that amount and will generally provide investors with at least 30 days' notice of any proposed increase to the management fees component of management fees and costs. In most circumstances, the Constitution defines the maximum level that can be charged for fees described in this PDS. Equity Trustees also has the right to recover all reasonable expenses incurred in relation to the proper performance of its duties in managing the Fund and as such these expenses may increase or decrease accordingly, without notice.

## Payments to IDPS Operators

Subject to the law, annual payments may be made to some IDPS Operators because they offer the Fund on their investment menus. Product access is paid by the Investment Manager out of its investment management fee and is not an additional cost to the investor.

## Differential fees

The Investment Manager may from time to time negotiate a different fee arrangement (by way of a rebate or waiver of fees) with certain investors who are Australian Wholesale Clients. Please contact the Investment Manager on 1300 133 472 for further information.

## EXAMPLE OF ANNUAL FEES AND COSTS FOR AN INVESTMENT OPTION

This table gives an example of how the ongoing annual fees and costs in the investment option for this product can affect your investment over a 1-year period. You should use this table to compare this product with other products offered by managed investment schemes.

### EXAMPLE – EQT CASH MANAGEMENT FUND

#### BALANCE OF \$50,000 WITH A CONTRIBUTION OF \$5,000 DURING THE YEAR

Contribution Fees	Nil	For every additional \$5,000 you put in, you will be charged \$0
Plus Management fees and costs	0.50% p.a.	And, for every \$50,000 you have in the EQT Cash Management Fund you will be charged or have deducted from your investment \$250 each year
Plus Performance fees	Not applicable	And, you will be charged or have deducted from your investment \$0 in performance fees each year
Plus Transaction costs	0.00% p.a.	And, you will be charged or have deducted from your investment \$0 in transaction costs

### EXAMPLE – EQT CASH MANAGEMENT FUND

Equals Cost of EQT Cash Management Fund	If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs of: \$250* <b>What it costs you will depend on the investment option you choose and the fees you negotiate.</b>
--	---

\* Additional fees may apply. Please note that this example does not capture all the fees and costs that may apply to you such as the Buy/Sell Spread.

This example assumes the \$5,000 contribution occurs at the end of the first year, therefore the fees and costs are calculated using the \$50,000 balance only.

**Warning: If you have consulted a financial adviser, you may pay additional fees. You should refer to the Statement of Advice or Financial Services Guide provided by your financial adviser in which details of the fees are set out.**

ASIC provides a fee calculator on [www.moneysmart.gov.au](http://www.moneysmart.gov.au), which you may use to calculate the effects of fees and costs on account balances.

The indirect costs and other expenses component of management fees and costs and transaction costs may also be based on estimates. As a result, the total fees and costs that you are charged may differ from the figures shown in the table.

The Fund is an Australian resident for tax purposes and does not generally pay tax on behalf of its investors. Australian resident investors are assessed for tax on any income and capital gains generated by the Fund to which they become presently entitled or, where the Fund has made a choice to be an Attribution Managed Investment Trust ("AMIT") and the choice is effective for the income year, are attributed to them.

**\*Terms and conditions for collection of Tax File Numbers (TFN) and Australian Business Numbers (ABN)**

Collection of TFN and ABN information is authorised and its use and disclosure strictly regulated by tax laws and the Privacy Act. Investors must only provide an ABN instead of a TFN when the investment is made in the course of their enterprise. You are not obliged to provide either your TFN or ABN, but if you do not provide either or claim an exemption, we are required to deduct tax from your distribution at the highest marginal tax rate plus Medicare levy to meet Australian taxation law requirements.

For more information about the use of TFNs for investments, contact the enquiries section of your local branch of the ATO. Once provided, your TFN will be applied automatically to any future investments in the Fund/Trust where formal application procedures are not required (e.g. distribution reinvestments), unless you indicate, at any time, that you do not wish to quote a TFN for a particular investment. Exempt investors should attach a copy of the certificate of exemption. For super funds or trusts list only the applicable ABN or TFN for the super fund or trust.
