1 General information

These annual financial statements cover Robeco Multi Factor Absolute Return Fund (AUD) (the "Fund") as an individual entity. The Fund is an Australian registered managed investment scheme which was constituted on 9 July 2019. The Fund terminated its operations on 31 March 2023 when all assets of the Fund were realised and all units were redeemed out of the Fund.

The Responsible Entity of the Fund is Equity Trustees Limited (ABN 46 004 031 298) (AFSL 240975) (the "Responsible Entity"). The Responsible Entity's registered office is Level 1, 575 Bourke Street, Melbourne, VIC 3000. The financial statements are presented in the Australian currency unless otherwise noted.

Until its termination on 31 March 2023, the Fund's objective was to provide long-term capital growth and low long-run correlation to the traditional asset classes by primarily investing through Robeco QI Multi Factor Absolute Return Fund, a sub-fund of Robeco Capital Growth Fund SICAV (the "Underlying Fund") based in Luxembourg, in accordance with the Product Disclosure Statement and provision of the Fund's Constitution. The Investment Manager of the Underlying Fund is Robeco Institutional Asset Management B.V.

During the period, all assets of the Fund were liquidated and returned to the unit holders.

The annual financial statements were authorised for issue by the directors on the date the Directors' declaration was signed. The directors of the Responsible Entity have the power to amend and reissue the annual financial statements.

2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all periods presented, unless otherwise stated in the following text.

(a) Basis of preparation

These general purpose financial statements had been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) and the Corporations Act 2001 in Australia. The Fund was a for-profit entity for the purpose of preparing the financial statements.

As the Fund was terminated on 31 March 2023, the going concern basis of preparation is no longer appropriate and the financial statements have been prepared on a liquidation basis. The liquidation basis means assets have been written down to the lower of their carrying amounts and net realisable value and additional liabilities have been recognised to the extent there was a present obligation at the reporting date. The accounting policies set out below have been applied within this context. As there were no assets or liabilities at the reporting date, adopting the liquidation basis did not change the carrying amounts of any assets or liabilities.

The statement of financial position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and do not distinguish between current and non-current. All balances are expected to be recovered or settled within 12 months, except for investments in financial assets and liabilities and net assets attributable to unit holders.

The Fund manages financial assets at fair value through profit or loss based on the economic circumstances at any given point in time, as well as to meet any liquidity requirements. As such, it is expected that a portion of the portfolio is realised within 12 months, however, an estimate of that amount cannot be determined as at reporting date.

In the case of net assets attributable to unit holders, the units are redeemable on demand at the unit holders' option. However, holders of these instruments typically retain them for the medium to long term. As such, the amount expected to be settled within 12 months cannot be reliably determined.

Under the liquidation basis of accounting, assets and liabilities are measured at liquidation value. The liquidation value of assets and liabilities is the estimated value for which assets are realised and liabilities settled.

(i) Compliance with International Financial Reporting Standards (IFRS)

The financial statements of the Fund also comply with IFRS as issued by the International Accounting Standards Board (IASB).

(ii) New and amended standards adopted by the Fund

There were no standards, interpretations or amendments to existing standards that are effective for the first time for the period beginning 1 July 2022 that have a material impact on the amounts recognised in the current or prior periods.

(b) Financial instruments

(i) Classification

- Financial assets

The Fund classifies its financial assets in the following measurement categories:

- those to be measured at fair value through profit or loss; and
- those to be measured at amortised cost.

The Fund classifies its financial assets based on its business model for managing those financial assets and the contractual cash flow characteristics of the financial assets.

The Fund's portfolio of financial assets is managed and performance is evaluated on a fair value basis in accordance with the Fund's documented investment strategy. The Fund's policy is for the Investment Manager to evaluate the information about these financial assets on a fair value basis together with other related financial information.

2 Summary of significant accounting policies (continued)

(b) Financial instruments (continued)

(i) Classification (continued)

For equity securities and derivatives, the contractual cash flows of these instruments do not represent solely payments of principal and interest. Consequently, these investments are measured at fair value through profit or loss.

For cash and cash equivalents, receivables and due from brokers, these assets are held in order to collect the contractual cash flows. The contractual terms of these assets give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding. Consequently, these are measured at amortised cost.

- Financial liabilities

For financial liabilities that are not classified and measured at fair value through profit or loss, these are classified as financial liabilities at amortised cost (distributions payable, management fees payable, custody fees payable, administration fees payable and audit and tax fees payables).

(ii) Recognition and derecognition

The Fund recognises financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date) and recognises changes in the fair value of the financial assets or financial liabilities from this date.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or the Fund has transferred substantially all the risks and rewards of ownership.

(iii) Measurement

- Financial instruments at fair value through profit or loss

At initial recognition, the Fund measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the statement of comprehensive income.

Subsequent to initial recognition, all financial assets and liabilities at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of 'financial assets or liabilities at fair value through profit or loss' category are presented in the statement of comprehensive income within 'net gains/(losses) on financial instruments at fair value through profit or loss' in the period in which they arise.

- Financial instruments at amortised cost

For financial assets and financial liabilities at amortised cost, they are initially measured at fair value including directly attributable costs and are subsequently measured using the effective interest rate method less any allowance for expected credit losses.

Cash and cash equivalents, receivables and payables are carried at amortised cost.

(iv) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the statement of financial position when the Fund has a legally enforceable right to offset the recognised amounts, and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

As at the end of the reporting period, there are no financial assets or liabilities offset or with the right to offset in the statement of financial position.

(c) Net assets attributable to unit holders

Units are redeemable at the unit holders' option; however, applications and redemptions may be suspended by the Responsible Entity if it is in the best interests of the unit holders.

The units are classified as financial liabilities as the Fund is required to distribute its distributable income in accordance with the Fund's Constitution.

The units can be put back to the Fund at any time for cash based on the redemption price, which is equal to a proportionate share of the Fund's net asset value attributable to the unit holders.

The units are carried at the redemption amount that is payable at the reporting date if the holder exercises the right to put the units back to the Fund.

(d) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, and other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Payments and receipts relating to the purchase and sale of investment securities are classified as cash flows from operating activities, as trading of these securities represents the Fund's main income generating activity.

2 Summary of significant accounting policies (continued)

(e) Investment income

(i) Interest income

Interest income from financial assets at amortised cost is recognised using the effective interest method and includes interest from cash and cash equivalents. Interest from financial assets at fair value through profit or loss is determined based on the contractual coupon interest rate and includes interest from debt securities measured at fair value through profit or loss.

The effective interest method is a method of calculating the amortised cost of a financial asset or liability and of allocating the interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts throughout the expected life of the financial instrument, or a shorter period where appropriate, to the net carrying amount of the financial asset or liability. When calculating the effective interest rate, the Fund estimates cash flows considering all contractual terms of the financial instruments (for example, prepayment options) but does not consider future credit losses. The calculation includes all fees paid or received between the parties to the contract that are an integral part of the effective interest rate, including transaction costs and all other premiums or discounts.

Interest income on financial assets at fair value through profit or loss is also recognised in the statement of comprehensive income. Changes in fair value of financial instruments at fair value through profit or loss are recorded in accordance with the policies described in Note 2(b) to the financial statements.

(ii) Distributions

Trust distributions are recognised on an entitlement basis.

(f) Expenses

All expenses are recognised in the statement of comprehensive income on an accruals basis.

(g) Income tax

Under current legislation, the Fund is not subject to income tax provided it attributes the entirety of its taxable income to its unit holders.

The Fund currently incurs withholding tax on investment income imposed by certain countries. Such income is recorded gross of withholding taxes in the statement of comprehensive income. Withholding taxes are included in the statement of comprehensive income as an expense.

(h) Distributions

The Fund may distribute its distributable income, in accordance with the Fund's Constitution, to unit holders by cash or reinvestment. The distributions are recognised in the statement of comprehensive income as finance costs attributable to unit holders.

(i) Increase/decrease in net assets attributable to unit holders

Income not distributed is included in net assets attributable to unit holders. As the Fund's units are classified as financial liabilities, movements in net assets attributable to unit holders are recognised in the statement of comprehensive income as finance costs.

(j) Foreign currency translation

(i) Functional and presentation currency

Balances included in the Fund's financial statements are measured using the currency of the primary economic environment in which it operates (the "functional currency"). This is the Australian dollar which reflects the currency of the economy in which the Fund competes for funds and is regulated. The Australian dollar is also the Fund's presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translations at period end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when fair value was determined.

The Fund does not isolate that portion of unrealised gains or losses on financial instruments at fair value through profit or loss which is due to changes in foreign exchange rates. Such fluctuations are included in the net gains/(losses) on financial instruments at fair value through profit or loss.

(k) Due from/to brokers

Amounts due from/to brokers represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet delivered by the end of the year. The due from brokers balance is held for collection and is recognised initially at fair value and subsequently measured at amortised cost.

2 Summary of significant accounting policies (continued)

(l) Receivables

Receivables may include amounts for interest and trust distributions. Trust distributions are accrued when the right to receive payment is established. Where applicable, interest is accrued on a daily basis. Amounts are generally received within 30 days of being recorded as receivables.

(m) Payables

Payables include liabilities and accrued expenses owed by the Fund which are unpaid as at the end of the reporting period.

A separate distributions payable is recognised in the statement of financial position.

Distributions declared effective 30 June in relation to unit holders who have previously elected to reinvest distributions are recognised as reinvested effective 1 July of the following financial year.

(n) Applications and redemptions

Applications received for units in the Fund are recorded net of any entry fees payable prior to the issue of units in the Fund. Redemptions from the Fund are recorded gross of any exit fees payable after the cancellation of units redeemed.

(o) Goods and services tax (GST)

The investment portfolio composition is 100% offshore investments. As the Investment Manager is domiciled offshore, the investment management fee will be exclusive of GST. All other expenses will incur GST at 10% but will be entitled to a Reduced Input Tax Credit (RITC) at a rate of at least 55%. Expenses have been recognised in the statement of comprehensive income net of the amount of GST recoverable from the Australian Taxation Office (ATO). Amounts payable are inclusive of GST. The net amount of GST recoverable from the ATO is included in receivables in the statement of financial position. Cash flows relating to GST are included in the statement of cash flows on a gross basis.

(p) Use of estimates and judgements

The Fund makes estimates, assumptions and judgements that affect the reported amounts of assets and liabilities within the current and next financial period. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Fund estimates that the resultant expected credit loss (ECL) derived from using impairment model has not materially impacted the Fund

(q) Rounding of amounts

The Fund is an entity of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* relating to the "rounding off" of amounts in the financial statements. Amounts in the financial statements have been rounded to the nearest dollar unless otherwise indicated.

(r) Comparative revisions

Comparative information has been revised where appropriate to enhance comparability. Where necessary, comparative figures have been adjusted to conform with changes in presentation in the current period.

3 Financial assets at fair value through profit or loss

	As at	
	31 March 2023	30 June 2022
	\$	\$
International unlisted unit trust	-	12,762,079
Total financial assets at fair value through profit or loss	-	12,762,079

4 Structured entities

A structured entity is an entity that has been designed so that voting or similar rights are not the dominant factor in deciding who controls the entity, and the relevant activities are directed by means of contractual arrangements.

The Fund considers all investments in managed investment schemes (the "Schemes") to be structured entities. The Fund invests in Schemes for the purpose of capital appreciation and/or earning investment income.

The exposure to investments in unrelated Schemes at fair value is disclosed in the following table:

	Fair value of investment	
	31 March 2023	30 June 2022
	\$	\$
Robeco QI Multi Factor Absolute Return Fund ZH AUD*	-	12,762,079
Total unrelated Schemes	-	12,762,079

*The Robeco QI Multi Factor Absolute Return Fund is a Sub-Fund of the Luxembourg based Robeco Capital Growth Fund SICAV (the "Underlying Fund").

The fair value of the Schemes is included in financial assets at fair value through profit or loss in the statement of financial position.

The Fund's maximum exposure to loss from its interests in the Schemes is equal to the fair value of its investments in the Schemes as there are no off-balance sheet exposures relating to any of the Schemes. Once the Fund has disposed of its units in a Scheme, it ceases to be exposed to any risk from that Scheme.

During the period ended 31 March 2023, total gains/(losses) incurred on investments in the Schemes were (\$456,964) losses (2022: \$534,224 gains). There were no distribution income earned during the period (30 June 2022: nil) as a result of its interests in the Schemes.

5 Net assets attributable to unit holders - liability

The Fund's units are classified as a liability as they do not meet the definition of a financial liability to be classified as equity.

Movements in the number of units and net assets attributable to unit holders during the period were as follows:

	For the period 1 July 2022 to 31 March 2023		Year ended 30 June 2022	
	Units	\$	Units	\$
Robeco Multi Factor Absolute Return Fund (AUD) Class A

Closing balance	–	–	2,000	1,763
Total net assets attributable to unit holders		–		12,803,590

As stipulated within the Fund's Constitution, each unit represents a right to an individual unit in the Fund and does not extend to a right to the underlying assets of the Fund.

There are two separate classes of units and each unit has the same rights attaching to it as all other units within that class. Each unit class has a different management fee rate.

Capital risk management

The Fund considers its net assets attributable to unit holders as capital, notwithstanding that net assets attributable to unit holders are classified as a liability. The amount of net assets attributable to unit holders can change significantly on a daily basis as the Fund is subject to daily applications and redemptions at the discretion of unit holders.

Daily applications and redemptions are reviewed relative to the liquidity of the Fund's underlying assets on a daily basis by the Responsible Entity. Under the terms of the Fund's Constitution, the Responsible Entity has the discretion to reject an application for units and to defer or adjust redemption of units if the exercise of such discretion is in the best interests of unit holders.

6 Distributions to unit holders

There were no distributions declared for the period from 1 July 2022 to 31 March 2023 and year ended 30 June 2022.

7 Cash and cash equivalents

	As at	
	31 March 2023 \$	30 June 2022 \$
Cash at bank	–	79,460
Total cash and cash equivalents	–	79,460

8 Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities

(a) Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities

	For the period 1 July 2022 to 31 March 2023 \$	Year ended 30 June 2022 \$
Increase/(decrease) in net assets attributable to unit holders	(435,760)	482,209
Proceeds from sale of financial instruments at fair value through profit or loss	12,305,115	6,275,801
Payments for purchase of financial instruments at fair value through profit or loss	–	(576,905)
Net gains/(losses) on financial instruments at fair value through profit or loss	456,964	(534,224)
Net change in receivables	121,883	(71,883)
Net change in payables	(159,832)	56,814
Net cash inflow/(outflow) from operating activities	12,288,370	5,631,812

As described in Note 2(i), income not distributed is included in net assets attributable to unit holders. The change in this amount for the period (as reported in (a) above) represents a non-cash financing cost as it is not settled in cash until such time as it becomes distributable.

Independent Auditor's Report

To the unit holders of Robeco Multi Factor Absolute Return Fund (AUD)

Opinion

We have audited the **Financial Report** of Robeco Multi Factor Absolute Return Fund (AUD) (the Fund).

In our opinion, the accompanying **Financial Report** of the Fund is in accordance with the *Corporations Act 2001*, including:

- giving a true and fair view of the Fund's financial position as at 31 March 2023, and of its financial performance for the period ended on that date; and
- complying with *Australian Accounting Standards* and the *Corporations Regulations 2001*.

The **Financial Report** comprises the:

- Statement of financial position as at 31 March 2023;
- Statement of comprehensive income for the period then ended;
- Statement of changes in equity, and Statement of cash flows for the period then ended;
- Notes including a summary of significant accounting policies; and
- Directors' Declaration made by the Directors of Equity Trustees Limited (the Responsible Entity).

Basis for opinion

We conducted our audit in accordance with *Australian Auditing Standards*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report.

We are independent of the Fund in accordance with the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the Financial Report in Australia. We have fulfilled our other ethical responsibilities in accordance with these requirements.

Other Information

Other Information is financial and non-financial information in Robeco Multi Factor Absolute Return Fund (AUD)'s annual reporting which is provided in addition to the Financial Report and Auditor's Report. The Directors of the Responsible Entity are responsible for the Other Information.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We are required to report if we conclude that there is a material misstatement of this Other Information, and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor's Report we have nothing to report.

Emphasis of matter

We draw attention to Note 2 (a) of the Financial Report which describes the basis of preparation. The financial report for the period ended 31 March 2023 has been prepared on a basis other than going concern, following the Fund's termination on 31 March 2023. Our opinion is not modified in respect of this matter.

Responsibilities of the Directors for the Financial Report

The Directors of the Responsible entity are responsible for:

- preparing the Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*;
- implementing necessary internal control to enable the preparation of a Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
- assessing the Fund's ability to continue as a going concern and whether the use of the going concern basis of accounting is appropriate. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objective is:

- to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with *Australian Auditing Standards* will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Financial Report.

A further description of our responsibilities for the audit of the Financial Report is located at the *Auditing and Assurance Standards Board* website at: http://www.auasb.gov.au/auditors_responsibilities/ar4.pdf
This description forms part of our Auditor's Report.
