Issue Date 29 September 2020

About this PDS

This Product Disclosure Statement ("PDS") has been prepared and issued by Equity Trustees Limited ("Equity Trustees", "we" or "Responsible Entity") and is a summary of the significant information relating to an investment in the AXA IM Sustainable Equity Fund (the "Fund"). It contains a number of references to important information (including a glossary of terms) contained in the AXA IM Funds Reference Guide ("Reference Guide"), which forms part of this PDS. You should carefully read and consider both the information in this PDS, and the information in the Reference Guide, before making a decision about investing in the Fund.

The information provided in this PDS is general information only and does not take account of your personal objectives, financial situation or needs. You should obtain financial and taxation advice tailored to your personal circumstances and consider whether investing in the Fund is appropriate for you in light of those circumstances.

The offer to which this PDS relates is only available to Wholesale Clients (as defined in the Reference Guide) receiving this PDS (electronically or otherwise) in Australia and Wholesale Investors (as defined in the Reference Guide) receiving this PDS (electronically or otherwise) in New Zealand who have completed a Wholesale Investor Certificate attached to the Application Form. New Zealand investors must read the AXA IM Sustainable Equity Fund New Zealand Wholesale Investor Fact Sheet. All references to dollars or "\$" in this PDS are to Australian dollars.

This PDS has not been, and will not be, lodged with the Registrar of Financial Service Providers in New Zealand, and is not a Product Disclosure Statement under the Financial Markets Conduct Act 2013 (NZ). New Zealand Wholesale Investors wishing to invest in the Fund should be aware that there may be different tax implications of investing in the Fund and should seek their own tax advice as necessary.

This PDS does not constitute a direct or indirect offer of securities in the US or to any US Person as defined in Regulation S under the Securities Act of 1933 as amended ("US Securities Act"). Equity Trustees may vary this position and offers may be accepted on merit at Equity Trustees' discretion. The units in the Fund have not been, and will not be, registered under the US Securities Act unless otherwise approved by Equity Trustees and may not be offered or sold in the US to, or for, the account of any US Person (as defined in the Reference Guide) except in a transaction that is exempt from the registration requirements of the US Securities Act and applicable US state securities laws.

1. About Equity Trustees Limited

The Responsible Entity

Equity Trustees Limited

Equity Trustees Limited ABN 46 004 031 298 AFSL 240975, a subsidiary of EQT Holdings Limited ABN 22 607 797 615, which is a public company listed on the Australian Securities Exchange (ASX: EQT), is the Fund's responsible entity and issuer of this PDS. Established as a trustee and executorial service provider by a special Act of the Victorian Parliament in 1888, today Equity Trustees is a dynamic financial services institution which continues to grow the breadth and quality of products and services on offer.

Equity Trustees' responsibilities and obligations as the Fund's responsible entity are governed by the Fund's constitution ("Constitution"), the Corporations Act and general trust law. Equity Trustees has appointed AXA Investment Managers Asia (Singapore) Ltd as the investment manager of the Fund. Equity Trustees has appointed a custodian to hold the assets of the Fund. The custodian has no supervisory role in relation to the operation of the Fund and is not responsible for protecting your interests.

The Investment Manager

AXA Investment Managers Asia (Singapore) Ltd

AXA Investment Managers Asia (Singapore) Ltd ("AXA IM" or "Investment Manager") is a Singapore-based investment manager licensed by the Monetary Authority of Singapore to perform fund management services. The Investment Manager may utilise sub-investment managers who are direct or indirect subsidiaries of AXA Investment Managers SA, in providing its investment management services to the Fund. Currently, AXA IM delegates some of its investment management services of the Fund to AXA Rosenberg Investment Management LLC and AXA Investment Managers UK Limited (each a "sub-investment manager").

2. How the AXA IM Sustainable Equity Fund works

The Fund is a registered managed investment scheme governed by the Constitution. The Fund comprises assets which are acquired in accordance with the Fund's investment strategy. Direct investors receive units in the Fund when they invest. In general, each unit represents an equal interest in the assets of the Fund subject to liabilities; however, it does not give investors an interest in any particular asset of the Fund.

If you invest in the Fund through an IDPS (as defined in the Reference Guide) you will not become an investor in the Fund. The operator or custodian of the IDPS will be the investor entered in the Fund's register and will be the only person who is able to exercise the rights and receive the benefits of a direct investor. Your investment in the Fund through the IDPS will be governed by the terms of your IDPS. Please direct any queries and requests relating to your investment to your IDPS Operator. Unless otherwise stated, the information in the PDS applies to direct investors.

Applying for units

You can acquire units by completing the Application Form that accompanies this PDS. The minimum initial investment amount for the Fund is \$500,000.

Completed Application Forms should be sent along with your identification documents (if applicable) to:

State Street Australia Limited
Unit Registry
Level 14, 420 George Street
SYDNEY, NSW 2000

Please note that cash cannot be accepted.

We reserve the right to accept or reject applications in whole or in part at our discretion. We have the discretion to delay processing applications where we believe this to be in the best interest of the Fund's investors.

The price at which units are acquired is determined in accordance with the Constitution ("Application Price"). The Application Price on a Business Day is, in general terms, equal to the Net Asset Value ("NAV") of the Fund, divided by the number of units on issue and adjusted for transaction costs ("Buy Spread"). At the date of this PDS, the Buy Spread is 0.20%.

The Application Price will vary as the market value of assets in the Fund rises or falls.

Making additional investments

You can make additional investments into the Fund at any time by sending us your additional investment amount together with a completed Application Form. The minimum additional investment into class A units is \$50,000. The Responsible Entity may waive the minimum additional investment amount in its discretion.

Distributions

An investor's share of any distributable income is calculated in accordance with the Constitution and is generally based on the number of units held by the investor at the end of the distribution period.

The Fund usually distributes income annually at the end of June. Distributions are calculated effective the last day of each distribution period and are normally paid to investors as soon as practicable after the distribution calculation date.

Investors in the Fund can indicate a preference to have their distribution:

- reinvested back into the Fund; or
- directly credited to their AUD Australian domiciled bank account.

Investors who do not indicate a preference will have their distributions automatically reinvested. Applications for reinvestment will be taken to be received immediately prior to the next Business Day after the relevant distribution period. There is no Buy Spread on distributions that are reinvested.

In some circumstances, the Constitution may allow for an investor's withdrawal proceeds to be taken to include a component of distributable income.

Indirect Investors should review their IDPS Guide for information on how and when they receive any income distribution.

New Zealand investors can only have their distribution directly credited if an AUD Australian domiciled bank account is provided, otherwise it must be reinvested (refer to the AXA IM Sustainable Equity Fund New Zealand Wholesale Investor Fact Sheet)

Access to your money

Investors in the Fund can generally withdraw their investment by completing a written request to withdraw from the Fund and mailing it to:

State Street Australia Limited
Unit Registry
Level 14, 420 George Street
SYDNEY, NSW 2000

Or by sending it by fax to +61 2 9323 6420 or +61 2 9323 6411.

The minimum withdrawal amount is Nil. Once we receive and accept your withdrawal request, we may act on your instruction without further enquiry if the instruction bears your account number or investor details and your (apparent) signature(s), or your authorised signatory's (apparent) signature(s).

Equity Trustees will generally allow an investor to access their investment within 15 days of acceptance of a withdrawal request by transferring the withdrawal proceeds to such investor's nominated bank account. However, Equity Trustees is allowed to reject withdrawal requests, and also to make payment up to 30 days after acceptance of a request (which may be extended in certain circumstances) as outlined in the Constitution and Reference Guide.

We reserve the right to accept or reject withdrawal requests in whole or in part at our discretion.

The price at which units are withdrawn is determined in accordance with the Constitution ("Withdrawal Price"). The Withdrawal Price on a Business Day is, in general terms, equal to the NAV of the Fund, divided by the number of units on issue and adjusted for transaction costs ("Sell Spread"). At the date of this PDS, the Sell Spread is 0.20%.

The Withdrawal Price will vary as the market value of assets in the Fund rises or falls.

Equity Trustees reserves the right to fully redeem your investment if your investment balance in the Fund falls below \$500,000 as a result of processing your withdrawal request. In certain circumstances, for example, when there is a freeze on withdrawals, where accepting a withdrawal is not in the best interests of investors in the Fund including due to one or more circumstances outside its control or where the Fund is not liquid (as defined in the Corporations Act), Equity Trustees can deny or suspend a withdrawal request and you may not be able to withdraw your funds in the usual processing times or at all. When the Fund is not liquid, an investor can only withdraw when Equity Trustees makes a withdrawal offer to investors in accordance with the Corporations Act. Equity Trustees is not obliged to make such offers.

If you are an Indirect Investor, you need to provide your withdrawal request directly to your IDPS Operator. The time to process a withdrawal request will depend on the particular IDPS Operator and the terms of the IDPS.

Unit pricing discretions policy

Equity Trustees has developed a formal written policy in relation to the guidelines and relevant factors taken into account when exercising any discretion in calculating unit prices (including determining the value of the assets and liabilities). A copy of the policy and, where applicable and to the extent required, any other relevant documents in relation to the policy will be made available free of charge on request.

Additional information

If and when the Fund has 100 or more direct investors, it will be classified by the Corporations Act as a 'disclosing entity'. As a disclosing entity, the Fund will be subject to regular reporting and disclosure obligations. Investors would then have a right to obtain a copy, free of charge, of any of the following documents:

- the most recent annual financial report lodged with ASIC ("Annual Report");
- any subsequent half yearly financial report lodged with ASIC after the lodgement of the Annual Report; and
- any continuous disclosure notices lodged with ASIC after the Annual Report but before the date of this PDS.

Equity Trustees will comply with any continuous disclosure obligation by lodging documents with ASIC as and when required.

Copies of these documents lodged with ASIC in relation to the Fund may be obtained from ASIC through ASIC's website.

3. Benefits of investing in the AXA IM Sustainable Equity Fund

The Fund is actively managed in accordance with AXA Investment Managers' Sustainable Equity investment philosophy. The Fund will invest in publicly traded global developed and Emerging Markets equities.

Investing in the Fund provides clients with the following significant features and benefits:

Access to AXA IM's investment management and advisory expertise;

Exposure to a portfolio of high quality, lower Volatility securities;

Integrated Environmental, Social and Corporate Governance ("ESG") considerations

Proven track record in both global developed and emerging markets equity investing;

Diversification when employed in conjunction with other asset classes and investment styles.

4. Risks of managed investment schemes

All investments carry risks. Different investment strategies may carry different levels of risk, depending on the assets acquired under the strategy. Assets with the highest long-term returns may also carry the highest level of short-term risk. The significant risks below should be considered in light of your risk profile when deciding whether to invest in the Fund. Your risk profile will vary depending on a range of factors, including your age, the investment time frame (how long you wish to invest for), your other investments or assets and your risk tolerance.

The Responsible Entity and Investment Manager do not guarantee the liquidity of the Fund's investments, repayment of capital or any rate of return or the Fund's investment performance. The value of the Fund's investments will vary. Returns are not guaranteed and you may lose money by investing in the Fund. The level of returns will vary and future returns may differ from past returns. Laws affecting managed investment schemes may change in the future. The structure and administration of the Fund is also subject to change.

In addition, we do not offer advice that takes into account your personal financial situation, including advice about whether the Fund is suitable for your circumstances. If you require personal financial or taxation advice, you should contact a licensed financial adviser and/or taxation adviser.

Systematic investing risk

In seeking to achieve the Fund's investment objective, the Investment Manager use investment recommendations generated by proprietary quantitative analytical models. Quantitative modeling is a very complex process involving hundreds of thousands of data points and settings reflected within computer code. The Investment Manager reviews such code and the models and components to the models reflected therein with a view to ensuring that they are appropriately adapted and calibrated to reflect the Investment Manager's views as to the potential implications of evolving external events and factors, including constantly changing economic, financial market, and other conditions. This process involves the exercise of judgments and a number of inherent uncertainties. The Investment Manager's views, including those related to the optimal configuration, calibration, and adaptation of the models, may change over time depending on evolving circumstances, on information that becomes available to the Investment Manager and on other factors.

While the Investment Manager attempts to ensure that the code (and the models reflected therein) are appropriately developed, operated, and implemented on a continuing basis, the code and (the models reflected therein) may not be in an optimal state of calibration and configuration at all times. Further, inadvertent human errors, trading errors, software development, and implementation errors, and other types of errors are an inherent risk in complex quantitative investment management processes.

While the Investment Manager's investment process principally relies on the code (and the models reflected therein) and is subject to the risks referred to above, the Investment Manager's process also incorporates the investment judgment of its portfolio managers who exercise such judgment with the aim of capturing the intent of the models and/or ensuring that the Fund is better positioned to adapt to changing market conditions. As such, even if the signals produced by the Investment Manager's models are accurate, the ultimate investment performance still depends on the Investment Manager's (and its portfolio managers') ability to interpret the signals generated by the models and to then implement these signals through its investments.

Emerging Markets Risks

Investments in emerging countries may involve risks of nationalization, expropriation, confiscatory taxation and restrictive currency control regulations. In the event of an expropriation of property without adequate compensation, the Fund could lose a substantial portion of any investments it has made in the affected countries. Further, accounting standards may not exist in certain emerging countries. Finally, even though the currencies of some emerging countries, including (without limitation) certain Eastern European countries, may be convertible into dollars, the conversion rates may be artificial to the actual market values and may be adverse to the Members. The trading and settlement systems in some emerging markets may not be as reliable as those in more developed markets, which may result in delays in realizing investments. In addition, market practices in relation to settlement of securities transactions and custody of assets in such markets could provide a material risk to the Fund. Furthermore, due to the local postal and banking systems, no guarantee can be given that all entitlements attaching to securities acquired by the Fund (including in relation to dividends) can be realized.

Investment selection risk

The Investment Manager may make poor investment decisions resulting in sub-standard returns (for example, where the Investment Manager takes a position and gains exposure to a company that significantly underperforms relative to other companies).

The market may reward certain investment characteristics or risks for a period of time and not others. The returns for a specific investment characteristic or risk may vary significantly relative to other characteristics or risks and may increase or decrease significantly during different phases of a market cycle. A portfolio comprised of stocks intended to reduce exposure to uncompensated risk may not produce investment exposure that is less sensitive to a change in the broad market price level and may not accurately estimate the risk/return outcome of stocks. Portfolio stocks may exhibit higher Volatility than the Investment Manager expects or underperform the markets. The Investment Manager's strategy may result in the Fund underperforming the general securities markets, particularly during periods of strong positive market performance.

Company specific risk

There may be instances where a company will fall in price (or rise in price) because of company specific factors (for example, where a company's major product is subject to a product recall). The value of investments can vary because of changes to management, product distribution, investor confidence, internal operations or the company's business environment.

Currency management risk

The Fund will have exposure to foreign currencies. This means that changes in the value of the Australian dollar relative to other currencies may affect the value of the assets of the Fund. It is the Investment Manager's intention to not hedge currency exposure to reduce the risk of adverse fluctuations in the value of the Australian dollar relative to other currencies.

Highly volatile markets

The prices of financial instruments in which the Fund may invest can be highly volatile. The Fund also is subject to the risk of the failure of any of the exchanges on which their positions trade or of their clearinghouse.

Fund risk

As with all managed funds, there are risks particular to the Fund, including that it could terminate, the fees and expenses could change, Equity Trustees could be replaced as responsible entity or AXA IM could be replaced as investment manager. There is also a risk that investing in the Fund may give different results than investing directly in the investments of the Fund because of income or capital gain accrued in the Fund and the effect of withdrawal by other investors.

Parent company investment discretion risk

The Investment Manager or its parent companies may from time to time institute stock selection policies or restrictions regarding the holding of either individual securities or various categories of classes of securities by the Fund. The policies or restrictions may be instituted for a variety of reasons, including business or investment relationships, or legal or regulatory restrictions or policies in one of the jurisdictions in which it or its affiliates and parent companies may operate. Though the Investment Manager does not anticipate that stock selection policies or restrictions will normally have a significant impact on the Fund, there is a risk that the Fund may underperform.

Depositary receipts risk

Investments in depositary receipts (including American Depositary Receipts, European Depositary Receipts and Global Depositary Receipts) are generally subject to the same risks of investing in the foreign securities that they evidence or into which they may be converted. In addition, issuers underlying unsponsored depositary receipts may not provide as much information as U.S. issuers and issuers underlying sponsored depositary receipts. Unsponsored depositary receipts also may not carry the same voting privileges as sponsored depositary receipts.

Market risk

Changes in legal and economic policy, political events, technology failure, economic cycles, investor sentiment and social climate can all directly or indirectly create an environment that may influence (negatively or positively) the value of your investment in the Fund. In addition, a downward move in the general level of the financial markets can have a negative influence on the performance of the Fund.

Liquidity risk

Some of the Fund's investments may be difficult to buy or sell. This might affect the price at which the investments can be sold, which would affect the Fund's value. There are circumstances under which access to your money may be delayed (see "Access to Funds" under Section 7 below).

Operations risk

Operations risk addresses the risk of trading and back office or administration issues that may result in a loss to the Fund. This could be the result of oversight, ineffective security processing procedures, computer system problems or human error. The Responsible Entity and the Investment Manager have instituted certain practices and processes within their respective operations and business administrations designed to wherever possible mitigate the operational risk consequences that arise.

Legal risk

In general, the Fund may be affected by the actions of governments and regulatory bodies, and legislation or regulation may be introduced which inhibit the Fund from pursuing its strategy or which render an existing strategy less profitable than anticipated.

Borrowing risk

This is the risk associated with the Fund being unable to repay borrowings.

5. How we invest your money

Warning: Before choosing to invest in the Fund you should consider the likely investment returns, the risks of investing and your investment time frame.

Investment objective

The Fund aims to provide a superior risk adjusted return (total return divided by total risk (before fees, expenses and taxes)) greater than the return of the MSCI ACWI ex-Australia Index Net Dividend Withholding Tax (AUD) (the "Index") on a rolling six to eight year basis.

Benchmark

MSCI ACWI ex-Australia Index Net Dividend Withholding Tax (AUD)

Minimum suggested time frame

The minimum suggested time frame for investment in the Fund is 6 to 8 years

Risk level of the Fund

High.

There is a high level risk of loss of investment over the investment horizon. Investment in the Fund has the potential to produce high level returns over the minimum suggested investment time frame.

Investor suitability

The Fund is suitable for investors seeking an alternative to or diversification from traditional equities strategies.

Investment style and approach

The Investment Manager will seek to achieve the investment objectives by screening the Index using proprietary screening and reweighting methodology with the goal of creating a portfolio with reduced exposure to what the Investment Manager believes to be undercompensated sources of risk in the equity market.

Specifically, the Investment Manager will evaluate all stocks in the Index according to proprietary measures of sustainable earnings growth and distress risk, as well as stock Volatility, and speculation risk. Some stocks will be eliminated from the starting universe by virtue of not passing one or more of these fundamental screens. The screening process is complemented by a reweighting methodology called PowerRank™ that seeks to address concentration risk by diversifying the portfolio's positions away from, in part, the 'mega cap' names in the index. Finally, the Investment Manager will use individual equities' individual ESG score (a proprietary measure of ESG integration) to adjust the stocks final weight, or to eliminate stocks from the portfolio.

The weight on any individual stock in the portfolio is therefore a function of how the stock fares in the fundamental screening process, the effect of the PowerRank process, and where available, the stock's ESG score.

In addition to the ESG integration, the Investment Manager also applies company level negative screen policies to the Fund to exclude companies from the portfolio with direct revenue from coal and tar sands related activities, soft commodities, controversial weapons and palm oil. In addition, the Investment Manager also applies an ESG standards policy to the Fund, with additional exclusions on Tobacco, Defense, UNGC breaches and poor ESG quality: Further details on these policies can be found on the AXA IM website <https://www.axa-im.com/en/responsible-investment/policies-exclusions>.

The Investment Manager takes certain labour standards or environmental, social or ethical considerations into account when applying the Fund's ESG investment criteria in the process of making investment decisions.

ESG refers to the three main areas of concern developed as central factors in measuring the environmental, social and ethical impact, and corporate governance of a company or business. Within these areas are a broad set of concerns increasingly included in the extra-financial factors that figure in the valuation of equity and other investments.

Taking into account labour standards or environmental, social or ethical considerations may affect the financial performance of an investment and any such financial effect may influence our investment decisions.

The Fund aims to achieve its investment objective by investing in a diversified portfolio of long equity positions of developed and Emerging Markets companies (excluding Australia) that the Investment Manager has identified as attractive per the filtering, diversification, and ESG scoring processes described above.

Asset allocation

The Fund will invest in equities (long only), Exchange Traded Funds, American Depositary Receipts, Global Depositary Receipts and cash.

The assets of the Fund will generally be invested within the following guidelines:

- 300 to 600 securities at any point of time
- Short-term overdrafts resulting from timing differences between trade and settlement date are permitted.
- With the exception of temporary periods upon large cash inflows or withdrawals, the Fund will maintain as close to a fully invested position as possible.

Changing the investment strategy

The investment strategy and asset allocation parameters may be changed. If a change is to be made, investors in the Fund will be notified in accordance with the Corporations Act.

Labour, environmental, social and ethical considerations

Equity Trustees and the Investment Manager do generally take into account labour standards or environmental, social or ethical considerations for the purposes of selecting, retaining or realising investments.

Fund performance

Up to date information on the performance of the Fund will be available by visiting www.eqt.com.au/insto or www.axa-im.com.au/sustainable-equity-strategy. Past performance is not necessarily a guide to future performance.

6. Fees and costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

The information in the following template can be used to compare costs between different simple managed investment schemes. Fees and costs can be paid directly from an investor's account or deducted from investment returns. For information on tax please see Section 7 of this PDS.

TYPE OF FEE OR COST	AMOUNT
Fees when your money moves in or out of the Fund	
Establishment fee	Nil
Contribution fee	Nil
Withdrawal fee	Nil
Termination fee	Nil
Management costs	
The fees and costs for managing your investment ¹	Management fees: 0.35% p.a. of the NAV of the Fund ²

¹ All fees quoted above are inclusive of Goods and Services Tax (GST) and net of any Reduced Input Tax Credits (RITC). See below for more details as to how management costs are calculated.

² Management fees can be negotiated. See "Differential fees" below.

Additional Explanation of fees and costs

What do the management costs pay for?

Management costs comprise the additional fees or costs that an investor incurs by investing in the Fund rather than by investing directly in the underlying assets of the Fund.

Management costs do not include transactional and operational costs (i.e. costs associated with investing the underlying assets, some of which may be met by Buy/Sell Spreads).

Management fees

The management fees of 0.35% p.a. of the NAV of the Fund are payable to the Responsible Entity of the Fund for managing the assets and overseeing the operations of the Fund. The management fees are accrued daily and paid from the Fund monthly in arrears and reflected in the unit price. As at the date of this PDS, ordinary expenses such as investment management fees, custodian fees (excluding transaction-based fees such as trading or settlement costs incurred by the custodian), administration and audit fees, and other ordinary expenses of operating the Fund are covered by the management fees at no additional charge to you.

The management fees shown above do not include extraordinary expenses (if they are incurred in future), such as litigation costs and the costs of convening investor meetings.

Transactional and operational costs

In managing the assets of the Fund, the Fund may incur transactional and operational costs such as brokerage, settlement costs, clearing costs and applicable stamp duty when assets are bought and sold, and the costs of derivatives used for hedging purposes (if applicable). This generally happens when the assets of the Fund are changed in connection with day-to-day trading or when there are applications or withdrawals which cause net cash flows into or out of the Fund.

The Buy/Sell Spread is a reasonable estimate of transaction costs that the Fund will incur when buying or selling assets of the Fund. These costs are an additional cost to the investor but are incorporated into the unit price and arise when investing application monies and funding withdrawals from the Fund and are not separately charged to the investor. The Buy Spread is paid into the Fund as part of an application and the Sell Spread is left in the Fund as part of a redemption and not paid to Equity Trustees or the Investment Manager. The estimated Buy/Sell Spread is 0.20% upon entry and 0.20% upon exit. The dollar value of these costs based on an application or a withdrawal of \$500,000 is \$1,000 for each individual transaction. The Buy/Sell Spread can be altered by the Responsible Entity at any time and www.eqt.com.au/insto will be updated as soon as practicable to reflect any change. The Responsible Entity may also waive the Buy/Sell Spread in part or in full at its discretion.

Transactional costs which are incurred other than in connection with applications and withdrawals arise through the day-to-day trading of the Fund's assets and are reflected in the Fund's unit price. As these costs are factored into the NAV of the Fund and reflected in the unit price, they are an additional implicit cost to the investor and are not a fee paid to the Responsible Entity. These costs can arise as a result of bid-offer spreads (the difference between an asset's bid/buy price and offer/ask price) being applied to securities traded by the Fund. Liquid securities generally have a lower bid-offer spread while less liquid assets have a higher bid-offer spread reflecting the compensation taken by market makers in providing liquidity for that asset.

During the financial year ended 30 June 2019, the total transaction costs for the Fund were 0.16% of the NAV of the Fund, of which 100% of these transaction costs were recouped via the Buy/Sell Spread, resulting in a net transactional cost to the Fund of 0% p.a.

Can the fees change?

Yes, all fees can change without investor consent, subject to the maximum fee amounts specified in the Constitution. Equity Trustees has the right to recover all reasonable expenses incurred in relation to the proper performance of its duties in managing the Fund and as such these expenses may increase or decrease accordingly. We will generally provide investors with at least 30 days' notice of any proposed change to the management fees. In most circumstances, the Constitution defines the maximum level that can be charged for fees described in this PDS. Expense recoveries may change without notice, for example, when it is necessary to protect the interests of existing members and if permitted by law.

Payments to IDPS Operators

Subject to the law, annual payments may be made to some IDPS Operators because they offer the Fund on their investment menus. Product access is paid by the Investment Manager out of its management fees and is not an additional cost to the investor. If the payment of annual fees to IDPS Operators is limited or prohibited by the law, Equity Trustees will ensure the payment of such fees is reduced or ceased.

Differential fees

The Responsible Entity or Investment Manager may from time to time negotiate a different fee arrangement (by way of a rebate or waiver of fees) with certain investors who are Australian Wholesale Clients.

Example of annual fees and costs for the Fund

This table gives an example of how the fees and costs for this managed investment product can affect your investment over a 1 year period. You should use this table to compare this product with other managed investment products.

EXAMPLE – AXA IM Sustainable Equity Fund		
BALANCE OF \$500,000 WITH A CONTRIBUTION OF \$5,000 DURING THE YEAR		
Contribution Fees	Nil	For every additional \$5,000 you put in, you will be charged \$0
Plus Management costs	0.35% p.a.	And, for every \$500,000 you have in the Fund you will be charged \$1,750 each year
Equals Cost of Fund		If you had an investment of \$500,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees of: \$1,750* What it costs you will depend on the fees you negotiate.

This example assumes the \$5,000 contribution occurs at the end of the first year, therefore management costs are calculated using the \$500,000 balance only.

* Additional fees may apply. Please note that this example does not capture all the fees and costs that may apply to you such as the Buy/Sell Spread.

Warning: If you have consulted a financial adviser, you may pay additional fees. You should refer to the Statement of Advice or Financial Services Guide provided by your financial adviser in which details of the fees are set out.

ASIC provides a fee calculator on www.moneysmart.gov.au, which you may use to calculate the effects of fees and costs on account balances.

7. How managed investment schemes are taxed

Warning: Investing in a registered managed investment scheme (such as the Fund) is likely to have tax consequences. You are strongly advised to seek your own professional tax advice about the applicable Australian tax (including income tax, GST and duty) consequences and, if appropriate, foreign tax consequences which may apply to you based on your particular circumstances before investing in the Fund.

The Fund is an Australian resident for tax purposes and does not generally pay tax on behalf of its investors. Australian resident investors are assessed for tax on any income and capital gains generated by the Fund to which they become presently entitled or, where the Fund has made a choice to be an Attribution Managed Investment Trust ("AMIT") and the choice is effective for the income year, are attributed to them.

Further reading

You should read the important information in the Reference Guide about Taxation under the "Other important information" section before making a decision. Go to the Reference Guide which is available at www.eqt.com.au/insto. The material relating to these matters may change between the time when you read this PDS and the day when you acquire the product.

8. How to apply

To invest please complete the Application Form accompanying this PDS, send funds (see details in the Application Form) and your completed Application Form to:

State Street Australia Limited
Unit Registry
Level 14, 420 George Street
SYDNEY, NSW 2000

Please note that cash cannot be accepted and all applications must be made in Australian dollars.

Who can invest?

Eligible persons (as detailed in the 'About this PDS' section) can invest, however individual investors must be 18 years of age or over.

Investors investing through an IDPS should use the application form provided by their IDPS Operator.

Cooling off period

No cooling off period applies to the offer made in this PDS, as the units offered under this PDS are only available to Wholesale Clients in Australia and Wholesale Investors in New Zealand.

Indirect Investors should seek advice from their IDPS Operator as to whether cooling off rights apply to an investment in the Fund by the IDPS. The right to cool off in relation to the Fund is not directly available to an Indirect Investor. This is because an Indirect Investor does not acquire the rights of a unit holder in the Fund. Rather, an Indirect Investor directs the IDPS Operator to arrange for their monies to be invested in the Fund on their behalf. The terms and conditions of the IDPS Guide or similar type document will govern an Indirect Investor's investment in relation to the Fund and any rights an Indirect Investor may have in this regard.

Complaints resolution

Equity Trustees has an established complaints handling process and is committed to properly considering and resolving all complaints. If you have a complaint about your investment, please contact us on:

Phone: 1300 133 472
Post: Equity Trustees Limited
GPO Box 2307, Melbourne VIC 3001
Email: compliance@eqt.com.au

We will acknowledge receipt of the complaint as soon as possible and in any case within 3 days of receiving the complaint. We will seek to resolve your complaint as soon as practicable but not more than 45 days after receiving the complaint.

If you are not satisfied with our response to your complaint, you may be able to lodge a complaint with the Australian Financial Complaints Authority ("AFCA").

Contact details are:
Online: www.afca.org.au
Phone: 1800 931 678
Email: info@afca.org.au
Post: GPO Box 3, Melbourne VIC 3001.

The external dispute resolution body is established to assist you in resolving your complaint where you have been unable to do so with us. However, it's important that you contact us first.

9. Other information

Consent

The Investment Manager has given and, as at the date of this PDS, has not withdrawn:

- its written consent to be named in this PDS as the investment manager of the Fund; and

- its written consent to the inclusion of the statements made about it which are specifically attributed to it, in the form and context in which they appear.

The Investment Manager has not otherwise been involved in the preparation of this PDS or caused or otherwise authorised the issue of this PDS. None of the Investment Manager nor their employees or officers accept any responsibility arising in any way for errors or omissions, other than those statements for which they have provided their written consent to Equity Trustees for inclusion in this PDS.

Section 8 – Declarations – ALL investors MUST complete

In most cases the information that you provide in this form will satisfy the AML/CTF Act, the US Foreign Account Tax Compliance Act ('FATCA') and the Common Reporting Standards ('CRS'). However, in some instances the Responsible Entity may contact you to request further information. It may also be necessary for the Responsible Entity to collect information (including sensitive information) about you from third parties in order to meet its obligations under the AML/CTF Act, FATCA and CRS.

When you complete this Application Form you make the following declarations:

- I/We have received the PDS/IM and made this application in Australia (and/or New Zealand for those offers made in New Zealand).
- I/We have read the PDS/IM to which this Application Form applies and agree to be bound by the terms and conditions of the PDS/IM and the Constitution of the relevant Fund/Trust in which I/we have chosen to invest.
- I/We have considered our personal circumstances and, where appropriate, obtained investment and/or taxation advice.
- I/We hereby declare that I/we are not a US Person as defined in the PDS/IM.
- I/We acknowledge that (if a natural person) I am/we are 18 years of age or over and I am/we are eligible to hold units in the Fund/Trust in which I/We have chosen to invest.
- I/We acknowledge and agree that Equity Trustees has outlined in the PDS/IM provided to me/us how and where I/we can obtain a copy of the Equity Trustees Group Privacy Statement.
- I/We consent to the transfer of any of my/our personal information to external third parties including but not limited to fund administrators, fund investment manager(s) and related bodies corporate who are located outside Australia for the purpose of administering the products and services for which I/we have engaged the services of Equity Trustees or its related bodies corporate and to foreign government agencies for reporting purposes (if necessary).
- I/we hereby confirm that the personal information that I/we have provided to Equity Trustees is correct and current in every detail, and should these details change, I/we shall promptly advise Equity Trustees in writing of the change(s).
- I/We agree to provide further information or personal details to the Responsible Entity if required to meet its obligations under anti-money laundering and counter-terrorism legislation, US tax legislation or reporting legislation and acknowledge that processing of my/our application may be delayed and will be processed at the unit price applicable for the Business Day as at which all required information has been received and verified.
- If I/we have provided an email address, I/we consent to receive ongoing investor information including PDS/IM information, confirmations of transactions and additional information as applicable via email.
- I/We acknowledge that Equity Trustees does not guarantee the repayment of capital or the performance of the Fund/Trust or any particular rate of return from the Fund/Trust.
- I/We acknowledge that an investment in the Fund/Trust is not a deposit with or liability of Equity Trustees and is subject to investment risk including possible delays in repayment and loss of income or capital invested.
- I/We acknowledge that Equity Trustees is not responsible for the delays in receipt of monies caused by the postal service or the investor's bank.
- If I/we lodge a fax application request, I/we acknowledge and agree to release, discharge and agree to indemnify Equity Trustees from and against any and all losses, liabilities, actions, proceedings, account claims and demands arising from any fax application.
- If I/we have completed and lodged the relevant sections on authorised representatives, agents and/or financial advisers on the Application Form then I/we agree to release, discharge and indemnify Equity Trustees from and against any and all losses, liabilities, actions, proceedings, account claims and demands arising from Equity Trustees acting on the instructions of my/our authorised representatives, agents and/or financial advisers.
- If this is a joint application each of us agrees that our investment is held as joint tenants.
- I/We acknowledge and agree that where the Responsible Entity, in its sole discretion, determines that:
 - I/we are ineligible to hold units in a Fund/Trust or have provided misleading information in my/our Application Form; or
 - I/we owe any amounts to Equity Trustees, then I/we appoint the Responsible Entity as my/our agent to submit a withdrawal request on my/our behalf in respect of all or part of my/our units, as the case requires, in the Fund/Trust.
- **For Wholesale Clients** - I/We acknowledge that I am/we are a Wholesale Client (as defined in Section 761G of the Corporations Act 2001 (Cth)) and are therefore eligible to hold units in the Fund/Trust.
- **For New Zealand applicants** - I/we have read the terms of the offer relating to New Zealand investors, including the New Zealand warning statement.

***Terms and conditions for collection of Tax File Numbers (TFN) and Australian Business Numbers (ABN)**

Collection of TFN and ABN information is authorised and its use and disclosure strictly regulated by tax laws and the Privacy Act. Investors must only provide an ABN instead of a TFN when the investment is made in the course of their enterprise. You are not obliged to provide either your TFN or ABN, but if you do not provide either or claim an exemption, we are required to deduct tax from your distribution at the highest marginal tax rate plus Medicare levy to meet Australian taxation law requirements.

For more information about the use of TFNs for investments, contact the enquiries section of your local branch of the ATO. Once provided, your TFN will be applied automatically to any future investments in the Fund/Trust where formal application procedures are not required (e.g. distribution reinvestments), unless you indicate, at any time, that you do not wish to quote a TFN for a particular investment. **Exempt investors should attach a copy of the certificate of exemption.** For super funds or trusts list only the applicable ABN or TFN for the super fund or trust.

When you sign this Application Form you declare that you have read, agree to and make the declarations above
