This annual report covers Partners Group Global Real Estate Fund (AUD) as an individual entity.

The Responsible Entity of Partners Group Global Real Estate Fund (AUD) is Equity Trustees Limited (ABN 46 004 031 298) (AFSL 240975).

The Responsible Entity's registered office is:
Level 1, 575 Bourke Street
Melbourne, VIC 3000.

Directors' report

The directors of Equity Trustees Limited, the Responsible Entity of Partners Group Global Real Estate Fund (AUD) (the "Fund"), present their report together with the financial statements of the Fund for the year ended 30 June 2023.

Principal activities

The objective of the Fund is to provide investors with attractive long-term capital appreciation by investing in a globally diversified portfolio with exposure to private markets and related asset classes.

The Fund's investment strategy as well as its private real estate and related asset classes exposure is implemented through indirect participation in an existing Partners Group fund (Partners Group Global Real Estate FCP, a Luxembourg domiciled entity). The exposure to the Underlying Fund, Partners Group Global Real Estate FCP, is made via the acquisition of a profit participating note ("PPN") issued by PG GREF Limited.

The Fund did not have any employees during the year.

There were no significant changes in the nature of the Fund's activities during the year.

The various service providers for the Fund are detailed below:

Service	Provider
Responsible Entity	Equity Trustees Limited
Investment Manager	Partners Group Private Markets (Australia) Pty Ltd
Investment Adviser	Partners Group AG
Custodian, Administrator and Registrar	The Northern Trust Company
Statutory Auditor	PricewaterhouseCoopers

Directors

The following persons held office as directors of Equity Trustees Limited during or since the end of the year and up to the date of this report:

Philip D Gentry	Chairman
Michael J O'Brien	
Russell W Beasley	
Mary A O'Connor	
David B Warren	(appointed 6 March 2023)

Review and results of operations

During the year, the Fund continued to invest its funds in accordance with the Product Disclosure Statement and the provisions of the Fund's Constitution.

The Fund's performance was -2.1% (net of fees) for Partners Group Global Real Estate Fund (AUD) partially hedged share class and 0.7% (net of fees) for the unhedged share class for the year ended 30 June 2023. The Fund does not maintain a benchmark for relative performance.

The performance return (or total return) is calculated based on the percentage change in the Fund's unit NAV, inclusive of distributions made, over the specified period. Returns are disclosed after fees and expenses but before taxes.

Directors' report (continued)

The performance of the Fund, as represented by the results of its operations, was as follows:

	Year ended	
	30 June 2023	30 June 2022

Distributions (cents per unit)	3.1310	14.4632

Significant changes in state of affairs

David B Warren was appointed as a director of Equity Trustees Limited on 6 March 2023.

On 30 June 2023, the Fund entered into a loan facility to allow the Fund to make distributions to investors, and provide funding for its liquidity and working capital requirements. Please refer to Note 6 of the financial statements for more details.

In the opinion of the directors, there were no other significant changes in the state of affairs of the Fund that occurred during the year ended 30 June 2023.

Matters subsequent to the end of the financial year

No matter or circumstance has arisen since 30 June 2023 that has significantly affected, or may have a significant effect on:

- (i) the operations of the Fund in future financial years; or
- (ii) the results of those operations of the Fund in future financial years; or
- (iii) the state of affairs of the Fund in future financial years.

Likely developments and expected results of operations

The Fund will continue to be managed in accordance with the investment objectives and guidelines as set out in the Product Disclosure Statement and the provisions of the Fund's Constitution.

The results of the Fund's operations will be affected by a number of factors, including the performance of investment markets in which the Fund invests. Investment performance is not guaranteed and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

Indemnification and insurance of officers

No insurance premiums are paid for out of the assets of the Fund in regards to insurance cover provided to the officers of Equity Trustees Limited. So long as the officers of Equity Trustees Limited act in accordance with the Fund's Constitution and the Law, the officers remain indemnified out of the assets of the Fund against losses incurred while acting on behalf of the Fund.

Indemnification of auditor

The auditor of the Fund is in no way indemnified out of the assets of the Fund.

Fees paid to and interests held in the Fund by the Responsible Entity and its associates

Fees paid to the Responsible Entity and its associates out of Fund's property during the year are disclosed in Note 15 to the financial statements.

No fees were paid out of Fund property to the directors of the Responsible Entity during the year.

Directors' report (continued)

The number of interests in the Fund held by the Responsible Entity or its associates as at the end of the financial year are disclosed in Note 15 to the financial statements.

Interests in the Fund

The movement in units on issue in the Fund during the year is disclosed in Note 8 to the financial statements.

The value of the Fund's assets and liabilities is disclosed in the statement of financial position and derived using the basis set out in Note 2 to the financial statements.

Environmental regulation

The operations of the Fund are not subject to any particular or significant environmental regulations under Commonwealth, State or Territory law.

Rounding of amounts to the nearest thousand dollars

Amounts in the Directors' report have been rounded to the nearest thousand dollars in accordance with *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, unless otherwise indicated.

Auditor's independence declaration

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 5.

This report is made in accordance with a resolution of the directors of Equity Trustees Limited through a delegated authority given by Equity Trustees Limited's Board.

1 General information

These financial statements cover Partners Group Global Real Estate Fund (AUD) (the "Fund") as an individual entity. The Fund is an Australian registered managed investment scheme, which was constituted on 16 March 2016 and will terminate in accordance with the provisions of the Fund's Constitution or by Law.

The Responsible Entity of the Fund is Equity Trustees Limited (ABN 46 004 031 298) (AFSL 240975) (the "Responsible Entity"). The Responsible Entity's registered office is Level 1, 575 Bourke Street, Melbourne, VIC 3000. The financial statements are presented in the Australian currency unless otherwise noted.

The objective of the Fund is to provide investors with superior risk-adjusted returns by investing in a globally diversified portfolio of private real estate and related asset classes. The Fund's investment strategy as well as its private real estate and Related Asset classes exposure is implemented through indirect participation in an existing Partners Group fund (Partners Group Global Real Estate FCP, a Luxembourg domiciled entity). The exposure to the Underlying Fund, Partners Group Global Real Estate FCP, is made via the acquisition of a profit participating note ("PPN") issued by PG GREF Limited.

The financial statements were authorised for issue by the directors on the date the Directors' declaration was signed. The directors of the Responsible Entity have the power to amend and reissue the financial statements.

2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated in the following text.

(a) Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001* in Australia. The Fund is a for-profit entity for the purpose of preparing the financial statements.

The financial statements are prepared on the basis of fair value measurement of assets and liabilities, except where otherwise stated.

The statement of financial position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and do not distinguish between current and non-current. All balances are expected to be recovered or settled within 12 months, except for investments in financial assets and liabilities and net assets attributable to unit holders.

The Fund manages financial assets at fair value through profit or loss based on the economic circumstances at any given point in time, as well as to meet any liquidity requirements. As such, it is expected that a portion of the portfolio will be realised within 12 months, however, an estimate of that amount cannot be determined as at reporting date.

In the case of net assets attributable to unit holders, the units are redeemable on demand at the unit holder's option, subject to the redemption restrictions of the Underlying Fund. However, holders of these instruments typically retain them for the medium to long term. As such, the amount expected to be settled within 12 months cannot be reliably determined.

(i) Compliance with International Financial Reporting Standards (IFRS)

The financial statements of the Fund also comply with IFRS as issued by the International Accounting Standards Board (IASB).

(ii) New and amended standards adopted by the Fund

There are no standards, interpretations or amendments to existing standards that are effective for the first time for the financial year beginning 1 July 2022 that have a material impact on the amounts recognised in the prior periods or will affect the current or future periods.

(iii) New standards and interpretations not yet adopted

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 July 2023, and have not been early adopted in preparing these financial statements.

None of these are expected to have a material effect on the financial statements of the Fund.

2 Summary of significant accounting policies (continued)

(b) Financial instruments

(i) Classification

- Financial assets

The Fund classifies its financial assets in the following measurement categories:

- those to be measured at fair value through profit or loss; and
- those to be measured at amortised cost.

The Fund classifies its financial assets based on its business model for managing those financial assets and the contractual cash flow characteristics of the financial assets.

The Fund's portfolio of financial assets is managed and its performance is evaluated on a fair value basis in accordance with the Fund's documented investment strategy. The Fund's policy is for the Investment Manager to evaluate the information about these financial assets on a fair value basis together with other related financial information.

For unlisted investment securities and derivatives, the contractual cash flows of these instruments do not represent solely payments of principal and interest. Consequently, these investments are measured at fair value through profit or loss.

For cash and cash equivalents, receivables and margin accounts, these assets are held in order to collect the contractual cash flows. The contractual terms of these assets give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding. Consequently, these are measured at amortised cost.

- Financial liabilities

Derivative contracts that have a negative fair value are presented as liabilities at fair value through profit or loss.

For financial liabilities that are not classified and measured at fair value through profit or loss, these are classified as financial liabilities at amortised cost (distributions payable, management fees payable, redemptions payable and other fees payable).

(ii) Recognition and derecognition

The Fund recognises financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date) and recognises changes in fair value of the financial assets or financial liabilities from this date.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or the Fund has transferred substantially all the risks and rewards of ownership. Financial liabilities are derecognised when the obligation under the liabilities are discharged, cancelled or expires.

(iii) Measurement

- Financial instruments at fair value through profit or loss

At initial recognition, the Fund measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the statement of comprehensive income.

Subsequent to initial recognition, all financial assets at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of 'financial assets at fair value through profit or loss' category are presented in the statement of comprehensive income within 'net gains/(losses) on financial instruments at fair value through profit or loss' in the period in which they arise.

For further details on how the fair value of financial instruments is determined please see Note 4 to the financial statements.

- Financial instruments at amortised cost

For financial assets and financial liabilities at amortised cost, they are initially measured at fair value including directly attributable costs and are subsequently measured using the effective interest rate method less any allowance for expected credit losses.

Cash and cash equivalents, receivables and margin accounts are carried at amortised cost.

2 Summary of significant accounting policies (continued)

(b) Financial instruments (continued)

(iv) *Impairment*

At each reporting date, the Fund shall estimate a loss allowance on financial assets at amortised cost (cash and receivables) at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Fund shall measure the loss allowance at an amount equal to 12-month expected credit losses. Significant financial difficulties of the counter party, probability that the counter party will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that the asset is credit impaired. If the credit risk increases to the point that it is considered to be credit impaired, interest income will be calculated based on the net carrying amount adjusted for the loss allowance. A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due. Any contractual payment which is more than 90 days past due is considered credit impaired.

The expected credit loss (ECL) approach is based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Fund expects to receive. The shortfall is then discounted at an approximation to the asset's original effective interest rate.

The amount of the impairment loss is recognised in the statement of comprehensive income within other expenses. When a trade receivable for which an impairment allowance had been recognised becomes uncollectible in a subsequent period, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against other expenses in the statement of comprehensive income.

(v) *Offsetting financial instruments*

Financial assets and liabilities are offset and the net amount is reported in the statement of financial position when the Fund has a legally enforceable right to offset the recognised amounts, and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

As at the end of the reporting period, there are no financial assets or liabilities offset or with the right to offset in the statement of financial position.

(c) Net assets attributable to unit holders

Units are redeemable at the unit holders' option; however, applications and redemptions may be suspended by the Responsible Entity if it is in the best interests of the unit holders.

The units can be put back to the Fund for cash based on the redemption price, which is equal to a proportionate share of the Fund's net asset value attributable to the unit holders.

The units are carried at the redemption amount that is payable at the reporting date if the holder exercises the right to put the units back to the Fund.

(d) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions and other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Payments and receipts relating to the purchase and sale of investment securities are classified as cash flows from operating activities, as trading of these securities represent the Fund's main income generating activity.

(e) Margin accounts

Margin accounts comprise cash held as collateral for derivative transactions. The cash is held by the broker and is only available to meet margin calls. It is not included as a component of cash and cash equivalents.

2 Summary of significant accounting policies (continued)

(f) Investment income

(i) Interest income

Interest income from financial assets at amortised cost is recognised using the effective interest method and includes interest from cash and cash equivalents.

The effective interest method is a method of calculating the amortised cost of a financial asset and of allocating the interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts throughout the expected life of the financial instrument, or a shorter period where appropriate, to the net carrying amount of the financial asset or liability. When calculating the effective interest rate, the Fund estimates cash flows considering all contractual terms of the financial instruments (for example, prepayment options) but does not consider future credit losses. The calculation includes all fees paid or received between the parties to the contract that are an integral part of the effective interest rate, including transaction costs and all other premiums or discounts.

(ii) Distributions

Trust distributions are recognised on an entitlement basis.

(iii) Rebate income

Rebate income represents investment management fees from the Underlying Fund (PG Global Real Estate FCP) waived for the benefit of the Fund. Rebate income is recognised in the statement of comprehensive income on an accruals basis.

Other income is recognised in the statement of comprehensive income on an accruals basis.

(g) Expenses

All expenses are recognised in the statement of comprehensive income on an accruals basis.

Management fees and costs covers certain ordinary expenses such as Responsible Entity fees, investment management fees, custodian fees, and administration and audit fees and other operating expense.

(h) Income tax

Under current legislation, the Fund is not subject to income tax provided it attributes the entirety of its taxable income to its unit holders on a present entitlement basis.

The Fund currently incurs withholding taxes imposed by certain countries on investment income and capital gains. Such income or gains are recorded gross of withholding taxes in the statement of comprehensive income. Withholding taxes are included in the statement of comprehensive income.

(i) Distributions

The Fund may distribute its distributable income, in accordance with the Fund's Constitution, to unit holders by cash or reinvestment. The distributions are recognised in the statement of comprehensive income as finance costs attributable to unit holders.

(j) Increase/decrease in net assets attributable to unit holders

Income not distributed is included in net assets attributable to unit holders. As the Fund's units are classified as financial liabilities, movements in net assets attributable to unit holders are recognised in the statement of comprehensive income as finance costs.

(k) Foreign currency translation

(i) Functional and presentation currency

Balances included in the Fund's financial statements are measured using the currency of the primary economic environment in which it operates (the "functional currency"). This is the Australian dollar which reflects the currency of the economy in which the Fund competes for funds and is regulated. The Australian dollar is also the Fund's presentation currency.

2 Summary of significant accounting policies (continued)

(k) Foreign currency translation (continued)

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translations at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income.

The Fund does not isolate that portion of unrealised gains or losses on financial instruments that are measured at fair value through profit or loss which is due to changes in foreign exchange rates. Such fluctuations are included in the net gains/(losses) on financial instruments at fair value through profit or loss.

(l) Due from/to brokers

Amounts due from/to brokers represent receivables for securities sold and payables for securities that have been contracted for but not yet delivered by the end of the year. The due from brokers balance is held for collection and is recognised initially at fair value and subsequently measured at amortised cost.

(m) Receivables

Receivables may include amounts for interest and trust distributions. Trust distributions are accrued when the right to receive payment is established. Where applicable, interest is accrued on a monthly basis. Amounts are generally received within 30 days of being recorded as receivables.

(n) Payables

Payables include liabilities and accrued expenses owed by the Fund and any distributions declared which are unpaid as at the end of the financial year.

A separate distribution payable is recognised in the statement of financial position.

Distributions declared effective 30 June in relation to unit holders who have previously elected to reinvest distributions are recognised as reinvested effective 1 July of the following financial year.

(o) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method.

(p) Applications and redemptions

Applications received for units in the Fund are recorded net of any entry fees payable prior to the issue of units in the Fund. Redemptions from the Fund are recorded gross of any exit fees payable after the cancellation of units redeemed.

(q) Goods and services tax (GST)

The investment portfolio composition is 100% offshore investments. As the Investment Manager is offshore domiciled, the investment management fee will be exclusive of GST. All other expenses will incur GST at 10% but will be entitled to a Reduced Input Tax Credits (RITC) at a rate of at least 55%. Hence, expenses for these services have been recognised in the statement of comprehensive income net of the amount of GST recoverable from the Australian Taxation Office (ATO). Amounts payable are inclusive of GST. The net amount of GST recoverable from the ATO is included in receivables in the statement of financial position. Cash flows relating to GST are included in the statement of cash flows on a gross basis.

(r) Use of estimates and judgements

The Fund makes estimates, assumptions and judgements that affect the reported amounts of assets and liabilities within the current and next financial year. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

2 Summary of significant accounting policies (continued)

(r) Use of estimates and judgements (continued)

For the majority of the Fund's financial instruments, quoted market prices are not readily available. However, certain financial instruments, for example over-the-counter derivatives or unquoted securities, are fair valued using valuation techniques. Where valuation techniques (for example, pricing models) are used to determine fair values, they are validated and periodically reviewed by experienced personnel of the Investment Manager.

Models use observable data, to the extent practicable. However, areas such as credit risk (both own and counterparty), volatilities and correlations require management to make estimates and judgements. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

The Fund estimates that the resultant expected credit loss (ECL) derived from using impairment model, has not materially impacted the Fund. Please see Note 3 for more information on credit risk.

For more information on how fair value is calculated refer to Note 5 to the financial statements.

(s) Rounding of amounts

The Fund is an entity of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* relating to the "rounding off" of amounts in the financial statements. Amounts in the financial statements have been rounded to the nearest thousand dollars, unless otherwise indicated.

(t) Comparative revisions

Comparative information has been revised where appropriate to enhance comparability. Where necessary, comparative figures have been adjusted to conform with changes in presentation in the current year.

3 Financial risk management

The Fund's activities expose it to a variety of financial risks including market risk (which incorporates price risk, foreign exchange risk and interest rate risk), credit risk and liquidity risk.

The Fund's overall risk management programme focuses on ensuring compliance with the Fund's Product Disclosure Statement and the investment guidelines of the Fund. It also seeks to maximise the returns derived for the level of risk to which the Fund is exposed and seeks to minimise potential adverse effects on the Fund's financial performance. The Fund's policy allows it to use derivative financial instruments in managing its financial risks.

Following the transition of non-USD interbank offered rates (IBORs) to alternative reference rates in previous reporting years, the Fund successfully made the transition to appropriate reference rates when US LIBOR ceased on 30 June 2023.

The investments of the Fund, and associated risks, are managed by a specialist Investment Manager, Partners Group Private Markets (Australia) Pty Ltd ("Partners Group"), under an Investment Management Agreement ("IMA") approved by the Responsible Entity, and containing the investment strategy and investment guidelines of the Fund, consistent with those stated in the Product Disclosure Statement.

The Fund invests significantly in Partners Group Global Real Estate FCP via a profit participating note ("PPN") held in PG GREF Limited, which is an unlisted foreign company based in Guernsey. The unlisted foreign company invests in a broad range of sectors of Private Real Estate. It may at times also invest in funds of private real estate funds and pooled vehicles. The objective of the Fund is to provide investors with superior risk-adjusted returns by investing in a globally diversified portfolio of private real estate and related asset classes.

All investments present a risk of loss of capital. The maximum loss of capital on the Underlying Fund via the PPN is limited to the fair value of those positions.

The Fund uses different methods to measure different types of risk to which it is exposed. These methods are explained below.

(a) Market risk

(i) Price risk

The Fund is exposed to price risk on its investment in the Underlying Fund via the PPN. Price risk arises from investments held by the Underlying Fund for which prices in the future are uncertain.

The Fund has a significant concentration of risk arising from its exclusive investment in the Underlying Fund via the PPN. As at 30 June 2023, the Fund's investment in the Underlying Fund via PPN represents 100.00% (2022: 100.00%) of the Fund's financial assets at fair value through profit or loss.

3 Financial risk management (continued)

(a) Market risk (continued)

(i) Price risk (continued)

Financial assets at fair value through profit or loss held directly or indirectly bear a risk of loss of capital. The Investment Manager of the Underlying Fund moderates this through a careful selection of investments within specified limits. The Underlying Fund's investments are monitored and reviewed on a regular basis by the Underlying Fund's Investment Adviser. The Underlying Fund checks its performance against the FTSE EPRA / NAREIT Global Real Estate Index EUR which it uses as its primary benchmark, given the current weighting of the portfolio. The Underlying Fund's Investment Adviser checks on a regular basis the weightings of the index, its composition, price development and volatility.

The table at Note 3(b) summarises the sensitivities of the Fund's assets and liabilities to price risk. The analysis is based on the reasonably possible shift that the investment portfolio in which the Fund invests moves by +/- 16% (2022: +/- 15%).

(ii) Foreign exchange risk

The Fund invests in the PPN denominated in AUD and is therefore not directly exposed to foreign exchange risk. The Fund also holds monetary assets denominated in currencies other than the Australian dollar in the form of rebate income receivable however the exposure is not significant.

(iii) Interest rate risk

Interest rate risk management is undertaken by maintaining as close to a fully invested position as possible thus limiting the exposure of the Fund to interest rate risk.

As the majority of the Fund's financial assets and liabilities are non-interest bearing, the impact of interest rate risk on net assets attributable to unit holders and operating profit/(loss) is not considered material.

The Fund's loan facility is carried at amortised cost. Annual interest on the loan amount(s) outstanding is calculated at a rate of the applicable currency's one to three month inter-bank borrowing rate plus 180 basis points and plus, but only if negative, the absolute value of the applicable rate for the period.

(b) Summarised sensitivity analysis

The following table summarises the sensitivity of the Fund's operating profit/(loss) and net assets attributable to unit holders to market risks. The reasonably possible movements in the risk variables have been determined based on management's best estimate, having regard to a number of factors, including historical levels of changes in foreign exchange rates and the historical correlation of the Fund's investments with market volatility. However, actual movements in the risk variables may be greater or less than anticipated due to a number of factors, including unusually large market movements resulting from changes in the performance of and/or correlation between the performances of the economies, markets and securities in which the Fund invests. As a result, historic variations in risk variables should not be used to predict future variances in the risk variables.

	Impact on operating profit/(loss)/ net assets attributable to unit holders	
	Price risk	Price risk
	+16%	-16%
	\$'000	\$'000
As at 30 June 2023	21,221	(21,221)
As at 30 June 2022	21,962	(21,962)

(c) Credit risk

The Fund is exposed to credit risk, which is the risk that a counterparty will be unable to pay its obligations in full when they fall due, causing a financial loss to the Fund.

The main concentration of credit risk, to which the Fund is exposed, arises from the Fund's investment in the Underlying Fund. The Fund is also exposed to counterparty credit risk on derivative financial instruments, cash and cash equivalents and other receivables.

(i) Investment in the Underlying Fund

The Fund has a significant concentration of credit risk that arises from its exposure to a single counterparty in relation to its investments in an Underlying Fund held by the private placement note.

The risk is managed by the Underlying Fund Manager and mitigated through investment diversification. The Underlying Fund Manager monitors investment diversification parameters as specified in the Product Disclosure Statement.

3 Financial risk management (continued)

(c) Credit risk (continued)

(ii) Cash and cash equivalents

The exposure to credit risk for cash and cash equivalents is low as all counterparties have a rating of AA- (2022: AA-) (as determined by the Standard and Poor's) or higher.

(iii) Other

The Fund is not materially exposed to credit risk on other financial assets.

(iv) Maximum exposure to credit risk

The maximum exposure to credit risk before any credit enhancements at the end of each reporting period is the carrying amount of the financial assets. None of these assets are impaired nor past due but not impaired.

(d) Liquidity risk

Liquidity risk arises where the Fund may not be able to meet its financial obligations as and when these fall due for settlement.

Exposure to liquidity risk for the Fund may also arise from the requirement to meet monthly unit holder redemption requests. The Fund has borrowed \$800,000 provided that such borrowing is only for the purpose of satisfying withdrawal requests or to balance disparities between commitments and returns on existing investments.

The Fund is exposed to indirect liquidity risk via its investment in the Underlying Fund. The financial instruments of the Underlying Fund include investments in private real estate and related asset classes market investments, which are not traded on an organised public market and which may be illiquid. As a result, the Underlying Fund may not be able to liquidate its investments in these instruments at an amount close to their fair value in order to meet liquidity requirements, or to respond to specific events such as deterioration in the credit worthiness of a particular private market investment.

The Underlying Fund may hold both illiquid private market investments and liquid public investments that are listed in recognised stock exchanges. To manage liquidity risks during the lifetime of the investment program on its illiquid investments, the Underlying Fund adjusts its commitment strategy dynamically in order to meet targets and comply with any restrictions. In addition, the Investment Adviser continuously monitors the development of liquidity available and the outlook for the net cash flows of the Program based on a quarterly assessment utilising quantitative cash flow models and prevailing market inputs.

The Underlying Fund provides a monthly liquidity facility subject to gating that restricts redemptions to no more than 5% net redemptions per quarter unless the management company waive such restriction either partially (by determining a higher percentage) or its entirety. However, this is also subject to a possible tightening to 2.5% net redemptions, if deemed in the best interest of the Underlying Fund by the directors of the Underlying Fund.

It is also able to establish credit lines to borrow up to 25% of its assets; however borrowing within the Underlying Fund is only permitted for the purpose of satisfying withdrawal requests and managing cash-flow requirements relating to investments.

In order to manage the Fund's overall liquidity, the Responsible Entity has the discretion to reject an application for units and to defer or adjust any redemption of units if the exercise of such discretion is in the best interests of unit holders.

While the Fund has been designed in a manner that seeks to provide monthly liquidity to investors, due to the illiquid nature of some of the underlying investments, there are limitations on the amount of liquidity that can be generated within short time-frames. The Underlying Fund's Investment Manager will therefore use a variety of techniques (including holding a portion of more liquid securities) in seeking to maintain a high investment level whilst providing a degree of liquidity.

(i) Maturities of non-derivative financial liabilities

All non-derivative financial liabilities of the Fund in the current and prior year have maturities of less than one month.

Units are redeemed on demand at the unit holders' option. However, the Responsible Entity does not envisage that the contractual maturity will be representative of the actual cash outflows, as holders of these instruments typically retain them for the medium to long term.

4 Fair value measurement

The Fund measures and recognises financial assets at fair value through profit or loss on a recurring basis.

- Financial assets at fair value through profit or loss (see Note 5)

The Fund has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 *Fair Value Measurement* requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

The Fund values its investments in accordance with the accounting policies set out in Note 2 to the financial statements.

(a) Fair value in an inactive or unquoted market (level 3)

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Investments in the Profit Participating Note are recorded at the Net Asset Value reported by the underlying investment manager as reported by the investment managers of such funds. The Fund may make adjustments to the value based on considerations such as: liquidity of the Investee Fund or its underlying investments, the value date of the net asset value provided, or any restrictions on redemptions and the basis of accounting.

Investments classified within level 3 have significant unobservable inputs, as they are infrequently traded or not at all. When observable prices are not available for these securities, the Investment Manager uses one or more valuation techniques (e.g. the market approach, the income approach) for which sufficient and reliable data is available. Within level 3, the use of market approach generally consists of using comparable market transactions, while the use of income approach generally consists of the net present value of estimated future cash flows, adjusted as appropriate for liquidity, credit, market and/or other risk factors.

For further information on valuation processes, please refer to Note 4(d).

(b) Recognised fair value measurements

The table below presents the Fund's financial assets measured and recognised at fair value as at 30 June 2023 and 30 June 2022.

	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000

Total financial assets	- -	- -	146,416	146,416

(c) Transfer between levels

Management's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between levels in the fair value hierarchy at the end of the reporting period.

4 Fair value measurement (continued)

(d) Fair value measurements using significant unobservable inputs (level 3)

The following table presents the movement in level 3 instruments for the year ended 30 June 2023 and 30 June 2022 by class of financial instrument.

(i) Valuation inputs and relationships to fair value

The following table summarises the quantitative information about the significant unobservable inputs used in the level 3 fair value measurements. See Note 4(a) above for the valuation techniques adopted.

Description	Fair value \$'000	Unobservable inputs*	Range of inputs (probability - weighted average)	Relationship of unobservable inputs of fair value
As at 30 June 2023 Profit participating note	132,634	Redemption price	N/A	N/A
As at 30 June 2022 Profit participating note	146,416	Redemption price	N/A	N/A

* There were no significant inter-relationships between unobservable inputs that materially affect fair values.

(ii) Valuation processes

A significant portion of the assets of the Fund are held through the profit participating note, recorded at the redemption value as reported by the underlying investment manager. The Fund may make adjustments to the value based on considerations such as: liquidity of the profit participating note or its underlying investments, the value date of the net asset value provided, or any restrictions on redemptions and the basis of accounting.

(e) Financial instruments not carried at fair value

The carrying value of cash and cash equivalents, receivables and payables approximate their fair values due to their short-term nature.

Net assets attributable to unit holders' carrying value differs from its fair value (deemed to be redemption price for individual units) due to differences in valuation inputs. This difference is not material in the current or prior reporting period.

5 Financial assets at fair value through profit or loss

An overview of the risk exposures and fair value measurements relating to financial assets at fair value through profit or loss is included in Note 3 and Note 4 to the financial statements.

6 Loan facility

During the reporting period, a related party of the Fund (Partners Group Finance CHF IC Limited, the 'Loan Provider') provided a loan facility/loan facilities to the Fund. Under the loan agreement entered into between the Program and the Loan Provider, the maximum loan amount to be drawn by the Program is \$800,000.

The Fund is/was due to pay annual interest on the loan amount outstanding at a rate of the applicable currency's one to three month inter-bank borrowing rate plus 180 basis point and plus, but only if negative, the absolute value of the applicable rate for the period. As at the end of the reporting period, the loan principal amount of \$800,000 is outstanding.

Date of entering the loan facility agreement	30 June 2023
Date of termination of the loan facility agreement	29 September 2023
Total value of Partners Group Finance CHF IC Limited loan facility	AUD 800,000
Amount of loan facility utilised	AUD 800,000
Amount of loan facility available	AUD -
Basis of the interest on principal drawn is:	5.876%

7 Structured entities

A structured entity is an entity that has been designed so that voting or similar rights are not the dominant factor in deciding who controls the entity, and the relevant activities are directed by means of contractual arrangements.

The Fund considers all investments in profit participating note (the "Schemes") to be structured entities. The Fund invests in Schemes for the purpose of capital appreciation and/or earning investment income.

The exposure to investments in Schemes at fair value is disclosed in the following table:

	Fair value of investment	
	30 June 2023	30 June 2022
	\$'000	\$'000
Profit participating note	132,634	146,416
Total Schemes	132,634	146,416

The fair value of the Schemes is included in financial assets at fair value through profit or loss in the statement of financial position.

The Fund's maximum exposure to loss from its interests in the Schemes is equal to the total fair value of its investments in the Schemes as there are no off-balance sheet exposures relating to any of the Schemes. Once the Fund has disposed of its shares in a Scheme, it ceases to be exposed to any risk from that Scheme.

During the year ended 30 June 2023, total gains/(losses) incurred on investments in the Schemes were \$8,379 (2022: (\$15,013,258)). The Fund earned distribution income during the year amounting to \$2,439,315 (2022: \$4,982,611) as a result of its interests in the Schemes.

8 Net assets attributable to unit holders - liability

Movements in the number of units and net assets attributable to unit holders during the year were as follows:

Total net assets attributable to unit holders	134,252		138,520	

As stipulated within the Fund's Constitution, each unit represents a right to an individual unit in the Fund and does not extend to a right to the underlying assets of the Fund.

There are two separate classes of units. Each unit within the same class has the same rights as all other units within that class. Each unit class has a different management fee rate and restrictions.

Units are redeemed on demand at the unit holders' option. However, holders of these instruments typically retain them for the medium to long term. As such, the amount expected to be settled within twelve months after the end of the reporting period cannot be reliably determined.

Capital risk management

The Fund considers its net assets attributable to unit holders as capital, notwithstanding that net assets attributable to unit holders are classified as a liability. The amount of net assets attributable to unit holders can change significantly on a monthly basis as the Fund is subject to monthly applications and redemptions at the discretion of unit holders.

Applications and redemptions are reviewed relative to the liquidity of the Fund's underlying assets on a monthly basis by the Responsible Entity. Under the terms of the Fund's Constitution, the Responsible Entity has the discretion to reject an application for units and to defer or adjust redemption of units if the exercise of such discretion is in the best interests of unit holders.

9 Distributions to unit holders

Independent auditor's report

To the unit holders of Partners Group Global Real Estate Fund (AUD)

Our opinion

In our opinion:

The accompanying financial report of Partners Group Global Real Estate Fund (AUD) (the Fund) is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Fund's financial position as at 30 June 2023 and of its financial performance for the year then ended
- (b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

What we have audited

The financial report comprises:

- the statement of financial position as at 30 June 2023
- the statement of comprehensive income for the year then ended
- the statement of changes in equity for the year then ended
- the statement of cash flows for the year then ended
- the notes to the financial statements, which include significant accounting policies and other explanatory information
- the directors' declaration.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial report* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Fund in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Other information

The directors of Equity Trustees Limited (the Responsible Entity) are responsible for the other information. The other information comprises the information included in the annual report for the year ended 30 June 2023, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon through our opinion on the financial report.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors of the Responsible Entity for the financial report

The directors of the Responsible Entity are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors of the Responsible Entity determines is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors of the Responsible Entity are responsible for assessing the ability of the Fund to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Responsible Entity either intends to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: http://www.auasb.gov.au/auditors_responsibilities/ar4.pdf. This description forms part of our auditor's report.
